With respect to shares of Series A Preferred Securities issued pursuant to this prospectus supplement or any other shares of Series A Preferred Securities issued in June 2011, we anticipate setting the record date for a June 2011 partial dividend period on June 30, 2011, with such initial dividend payment to be made at the end of July 2011. Any other subsequently issued shares of Series A Preferred Securities will become entitled to dividends commencing on the first monthly record date following the date of issuance, and we anticipate setting record dates as of the fifteenth of every month with dividends to be paid at the end of the month to such holders of record. Our parent, Gastar Exploration Ltd., will fully and unconditionally guarantee the payment of dividends that have been declared by the board of directors of Gastar Exploration USA, Inc., amounts payable upon redemption or liquidation, dissolution or winding up, and any other amounts due with respect to the Series A Preferred Securities, to the extent described in this prospectus supplement. Gastar Exploration Ltd.’s obligations with respect to the guarantee will be effectively subordinated to all of its existing and future debt. Gastar Exploration Ltd.’s guarantee of the Series A Preferred Securities is further described in this prospectus supplement under “Description of Guarantee of Preferred Securities.”

Investors in the Series A Preferred Securities generally will have no voting rights other than with respect to the authorization or creation of shares ranking senior to the Series A Preferred Securities, matters directly impacting the rights of the holders and for certain share exchanges and other acquisitions. However, holders will have limited voting rights if the Series A Preferred Securities are not listed on a National Exchange for at least 180 consecutive days after the shares first become eligible for listing or if we fail to make a monthly dividend payment on the outstanding Series A Preferred Securities during a quarterly period for four or more consecutive or non-consecutive quarters, and under certain other circumstances. The voting rights of investors in the Series A Preferred Securities are further described in this prospectus supplement under “Description of Series A Preferred Securities — Voting Rights.”

We may not redeem the Series A Preferred Securities before June 23, 2014, except as described below. On or after June 23, 2014, we may, at our option, redeem the Series A Preferred Securities, in whole or in part, by paying \$25.00 per share, plus any accrued and unpaid dividends to the redemption date. If at any time a “Change of Ownership or Control,” as defined in this prospectus supplement, occurs, we (or the acquiring company) will have the option to redeem the Series A Preferred Securities, in whole but not in part, within 90 days after the date on which the Change of Ownership or Control has occurred at specified redemption amounts as described in this prospectus supplement. The Series A Preferred Securities have no stated maturity, will not be subject to any sinking fund or other mandatory redemption, and will not be convertible into any of our other securities.

## Our Business

We are an independent energy company engaged in the exploration, development and production of natural gas and oil in the United States. Our principal business activities include the identification, acquisition, and subsequent exploration and development of natural gas and oil properties. Our emphasis is on unconventional natural gas reserves, such as shall resource plays, as well as prospective deep structures identified through seismic and other analytical techniques. We are pursuing natural gas exploration in the Marcellus Shale in the Appalachian area of West Virginia and central and southwestern Pennsylvania and the deep Bossier play in the Hilltop area in East Texas. We also conduct limited coal bed methane development activities within the Powder River Basin of Wyoming and Montana.

As of December 31, 2010, we had estimated total proved reserves of 49.9 billion cubic feet (“Bcf”) of natural gas and 61,300 barrels of oil, or 50.3 billion cubic feet of natural gas equivalent (“Bcfe”), of which 83% were proved developed reserves. The PV-10 value of our proved reserves as of December 31, 2010 was \$67.3 million based on the SEC pricing methodology. Please see “Supplemental Oil and Gas Disclosures” for additional information regarding our reserves and a reconciliation of PV-10, a non-GAAP financial measure, to standardized measure. For 2010, our net daily production averaged approximately 21.0 million cubic feet of natural gas equivalent (“MMcfe”), which generated natural gas and oil revenues of \$31.6 million and for the three months ended March 31, 2011, our net daily production averaged approximately 22.6 MMcfe, which generated natural gas and oil revenues of \$10.0 million.

## Our Properties

Our current operational activities are conducted primarily in the United States. As of March 31, 2011, our major assets consist of approximately 103,500 gross (73,600 net) acres in the Marcellus Shale in the Appalachian area of West Virginia and southwestern Pennsylvania, approximately 35,300 gross (19,400 net) acres in the Bossier play in the Hilltop area of East Texas and approximately 43,400 gross (19,600 net) acres in the Powder River Basin of Wyoming and Montana.

- **Appalachian Area, West Virginia and Central and Southwestern Pennsylvania.** As of March 31, 2011, our leasehold position in this area encompassed approximately 103,500 gross (73,600 net) acres, of which 41,500 gross (19,000 net) acres are included in the Atinum Joint Venture (described below). For the three months ended March 31, 2011, net production from the Appalachian area averaged 0.7 MMcfe per day. At December 31, 2010, proved reserves attributable to the Appalachia area were approximately 2.8 Bcfe, representing 6% of our total proved reserves.
- **Hilltop Area, East Texas.** The majority of our activities in the first quarter of 2011 have been in the Bossier play in the Hilltop area of East Texas. As of March 31, 2011, our leasehold position in this area encompassed approximately 35,300 gross (19,400 net) acres. For the three months ended March 31, 2011, net production from the Hilltop area averaged 20.4 MMcfe per day. At December 31, 2010, proved reserves attributable to the Hilltop area were approximately 45.0 Bcfe, representing 90% of our total proved reserves and 83% of which is proved developed.
- **Powder River Basin, Wyoming and Montana.** As of March 31, 2011, we owned an average non-operated working interest of approximately 40% in approximately 43,400 gross (19,600 net) acres within the Powder River Basin of Wyoming and Montana. Due to low natural gas prices in the area, we decreased our drilling activity and reduced compression in this area during 2010, as a result of which our Powder River Basin production averaged 1.4 MMcfe per day for the three months ended March 31, 2011.

On September 21, 2010, we entered into a joint venture (the “Atinum Joint Venture”) with an affiliate of Atinum Partners Co., Ltd. (“Atinum”), a Korean investment firm, pursuant to which we assigned to Atinum an

initial 21.43% interest in all of our existing Marcellus Shale assets in West Virginia and Pennsylvania, consisting of approximately 37,600 gross (34,200 net) acres and a 50% working interest in 16 producing shallow conventional wells and one non-producing vertical Marcellus Shale well (the "Atinum Joint Venture Assets") for total consideration of \$70.0 million. Atinum paid us approximately \$30.0 million in cash at closing on November 1, 2010 and will pay the additional \$40.0 million in the form of a "drilling carry" by funding 75% of our 50% share of drilling, completion and infrastructure costs, in addition to its obligation to fund its 50% share of those same costs. Upon completion of the funding of the drilling carry, we will make additional assignments, as necessary, to Atinum as a result of which Atinum will own a 50% interest in the Atinum Joint Venture Assets. As of March 31, 2011, approximately \$37.0 million of drilling carry obligation remained outstanding.

The Atinum Joint Venture is pursuing an initial three-year development program that calls for the partners to drill a minimum of 12 horizontal wells in 2011 and 24 horizontal wells in each of 2012 and 2013. An initial Area of Mutual Interest ("AMI") has been established for potential additional acreage acquisitions in Ohio and New York along with the counties in West Virginia and Pennsylvania in which the existing Atinum Joint Venture Assets are located. Within the initial AMI, we will act as operator and are obligated to offer any future lease acquisitions to Atinum on a 50/50 basis, and Atinum will pay us on an annual basis an amount equal to 10% of lease bonuses and third party leasing costs up to \$20.0 million and 5% of such costs on activities above \$20.0 million. Until June 30, 2011, Atinum will also have the right to participate in any future leasehold acquisitions made by us outside of the initial AMI and within West Virginia or Pennsylvania on terms identical to those governing the existing Atinum Joint Venture.

### **Our Strategy**

Our strategy is to increase stockholder value by delivering sustainable reserves growth and improved operating results from our existing assets. We recognize that there may be periods, such as the recent economic downturn or declines in product prices that make it difficult to fully execute this strategy on a short-term basis. We intend to implement our strategy by focusing on:

- ***Continued Exploitation of Existing Marcellus Shale and East Texas Assets with a Focus on Areas that We Believe are Prospective for Natural Gas and Oil.*** During 2010 and through the first quarter of 2011, we increased our acreage exposure to approximately 103,500 gross (73,600 net) acres and drilling activities in the Marcellus Shale, and we intend to continue to do so throughout the remainder of 2011. We also have identified numerous potential drilling locations on our East Texas acreage position at March 31, 2011 of 35,300 gross (19,400 net) acres that provide opportunities to increase production and cash flow through the drilling of potentially high return Bossier wells.
- ***Active Management of Our Domestic Drilling Program.*** We believe operating a large portion of our Marcellus Shale and East Texas properties enables us to control the timing and cost of our drilling budget as well as control operating costs and the marketing of our production. We have assembled an experienced team of operating professionals with the specialized skills needed to plan and execute the drilling and completion of the deep, high-temperature and high-pressure wells targeting the deep Bossier formation. We believe the expansion of our net acreage in the Marcellus Shale and entry into the Atinum Joint Venture during 2010, coupled with our own successful Marcellus Shale completion and offset operator success, will provide us with a multi-year inventory of drilling opportunities in that area. Further, our drilling activity during 2010 in East Texas expanded our acreage that is prospective for future drilling and confirmed our belief that we have multiple years of drilling opportunities remaining in this area.
- ***Effective Management and Utilization of Technological Expertise.*** We believe that 3-D seismic analysis, enhanced natural gas recovery processes, horizontal drilling and other advanced drilling technologies and production techniques are valuable tools that improve drilling results and ultimately enhance production and returns. We believe that utilizing these technologies and production techniques

in exploring for, developing and exploiting natural gas and oil properties have helped us reduce drilling risks, lower finding costs and provide for more efficient production of natural gas and oil from our properties.

Dividends will generally be payable monthly in arrears on the last day of each calendar month.

Dividends on the Series A Preferred Securities will accrue regardless of whether:

- the terms of any Senior Shares (as defined below) issued by Gastar USA or agreements of Gastar USA, including any documents governing Gastar USA's indebtedness, at any time prohibit the current payment of dividends;
- Gastar USA has earnings;
- there are funds legally available for the payment of such dividends; or
- such dividends are declared by the Gastar USA Board.

All payments of dividends made to the holders of Series A Preferred Securities will be credited against the previously accrued dividends on such shares of Series A Preferred Securities. Gastar USA will credit any dividends paid on the Series A Preferred Securities first to the earliest accrued and unpaid dividend due.

Penalties as a Result of Failure to Maintain a Listing on a National Exchange

Once the Series A Preferred Securities are eligible for listing, if Gastar USA fails to maintain a listing of the Series A Preferred Securities on the New York Stock Exchange, the NYSE Amex or The NASDAQ Global, Global Select or Capital Market, or a comparable national exchange (each a "National Exchange"), for 180 consecutive days, then (i) the annual dividend rate on the Series A Preferred Securities will be increased to the Penalty Rate on the 181st day, and (ii) the holders of Series A Preferred Securities, voting separately as a class with holders of all other series of Parity Shares (as defined under "— Ranking" below) upon which like voting rights have been conferred and are exercisable, will have the right to elect two directors to serve on the Gastar USA Board in addition to those directors then serving on such Board. Such increased dividend rate and director service will continue for so long the Series A Preferred Securities are not listed on a National Exchange.

The amended and restated bylaws of Gastar USA provide that the number of directors on the Gastar USA Board shall be fixed from time to time by a majority of the Gastar USA Board and vacancies resulting from newly created directorships may be filled by a majority of the Gastar USA Board. Because the Parent owns all of the common stock of Gastar USA and controls Gastar USA, Gastar USA presently only has one director, the Chief Executive Officer of Parent. In the event that the holders of Series A Preferred Securities and any other voting Parity Shares exercise any right to elect two directors to serve on the Gastar USA Board, the existing Gastar USA Board may,

pursuant to the provisions of Gastar USA's bylaws, (i) increase the number of directors on the Gastar USA Board to a number that would allow the directors elected by the holders of the common stock of Gastar USA or appointed by the existing Gastar USA Board to fill the newly created directorships to constitute at least a majority of the Gastar USA Board and (ii) fill those vacancies prior to any such election by the holders of Series A Preferred Securities and other voting Parity Shares.

Penalties as a Result of Failure to Pay Dividends

If, at any time, there is a dividend default because cash dividends on the outstanding Series A Preferred Securities are accrued but not paid in full for any monthly dividend period within a quarterly period for a total of four consecutive or non-consecutive quarterly periods, then, (i) the annual dividend rate on the Series A Preferred Securities will be increased to the Penalty Rate commencing on the first day after the dividend payment date on which such dividend default occurs; (ii) if the dividends are not paid in cash, then dividends on the Series A Preferred Securities, including all accrued but unpaid dividends, will be paid by issuing to the holders thereof: (a) if Gastar USA's common stock is then listed on a National Exchange and to the extent permitted under the rules of the National Exchange on which such shares are listed, registered common stock of Gastar USA (based on the weighted average daily trading price for the 10 business day period ending on the business day immediately preceding the payment) and cash in lieu of any fractional share or (b) if Gastar USA's common stock is not listed on a National Exchange, either, at Gastar USA's election, (x) additional shares of Series A Preferred Securities with a liquidation value equal to the amount of the dividend and cash in lieu of any fractional share or (y) if the Parent Common Stock is then listed on a National Exchange, Parent owns a majority of the voting stock of Gastar USA and to the extent permitted under applicable securities laws and the rules of the National Exchange on which such shares are listed, registered shares of Parent Common Stock (based on the weighted average daily trading price for the 10 business day period ending on the business day immediately preceding the payment) and cash in lieu of any fractional shares of Parent Common Stock, provided that the Parent consents to such issuance of registered shares of Parent Common Stock; and (iii) the holders of Series A Preferred Securities, voting separately as a class with holders of all other series of Parity Shares upon which like voting rights have been conferred and are exercisable, will have the right to elect two directors to serve on the Gastar USA Board, in addition to those directors then serving on such Board. Once all of the accumulated and unpaid dividends on the Series A Preferred Securities have been paid in full and cash dividends at the Penalty Rate have been paid in full for an additional two consecutive quarters, the dividend rate will be restored to the stated rate and the term of office of all directors so elected will terminate with the termination of such voting rights. The foregoing provisions will not be applicable

unless there is again a failure to pay a monthly dividend during any future quarter.

The amended and restated bylaws of Gastar USA provide that the number of directors on the Gastar USA Board shall be fixed from time to time by a majority of the Gastar USA Board and vacancies resulting from newly created directorships may be filled by a majority of the Gastar USA Board. Because the Parent owns all of the common stock of Gastar USA and controls Gastar USA, Gastar USA presently only has one director, the Chief Executive Officer of Parent. In the event that the holders of Series A Preferred Securities and any other voting Parity Shares exercise any right to elect two directors to serve on the Gastar USA Board, the existing Gastar USA Board may, pursuant to the provisions of Gastar USA’s bylaws, (i) increase the number of directors on the Gastar USA Board to a number that would allow the directors elected by the holders of the common stock of Gastar USA or appointed by the existing Gastar USA Board to fill the newly created directorships to constitute at least a majority of the Gastar USA Board and (ii) fill those vacancies prior to any such election by the holders of Series A Preferred Securities and other voting Parity Shares.

Optional Redemption

Gastar USA may not redeem the Series A Preferred Securities prior to June 23, 2014 except pursuant to the special redemption upon a Change of Ownership or Control discussed below. On and after June 23, 2014, Gastar USA may redeem the Series A Preferred Securities for cash at Gastar USA’s option, from time to time, in whole or in part, at a redemption price of \$25.00 per share, plus accrued and unpaid dividends (whether or not earned or declared) to the redemption date.

Special Redemption upon Change of Ownership or Control

Following a “Change of Ownership or Control” of us or the Parent by a person, entity or group, Gastar USA (or the acquiring entity) will have the option to redeem the Series A Preferred Securities, in whole but not in part, within 90 days after the date on which the Change of Ownership or Control has occurred, for cash at the following price per share, plus accrued and unpaid dividends (whether or not declared), up to the redemption date:

<b>Redemption Date</b>	<b>Redemption Price</b>
Prior to June 23, 2012	\$ 25.75
On or after June 23, 2012 and prior to June 23, 2013	\$ 25.50
On or after June 23, 2013 and prior to June 23, 2014	\$ 25.25
On or after June 23, 2014	\$ 25.00

To see how we define “Change of Ownership or Control,” please see “Description of Series A Preferred Securities — Redemption — Special Redemption upon Change of Ownership or Control.”

## Table of Contents

Ranking	<p>The Series A Preferred Securities will rank: (i) senior to the common stock and any other equity securities that Gastar USA may issue in the future, the terms of which specifically provide that such equity securities rank junior to such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up, referred to as “Junior Shares,” (ii) equal to any shares of equity securities that Gastar USA may issue in the future, the terms of which specifically provide that such equity securities rank on par with such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up, referred to as “Parity Shares,” (iii) junior to all other equity securities issued by us, the terms of which specifically provide that such equity securities rank senior to such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up (any such issuance would require the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series A Preferred Securities), referred to as “Senior Shares,” and (iv) junior to all of Gastar USA’s existing and future indebtedness.</p> <p>The Parent’s guarantee of the Series A Preferred Securities will be the subordinated obligation of the Parent and will rank junior to all of its existing and future debt. See “Description of Guarantee of Preferred Securities.”</p> <p>As of March 31, 2011, Gastar USA had outstanding indebtedness of \$20.0 million, including \$20.0 million of secured indebtedness. As of March 31, 2011, the Parent had no outstanding indebtedness other than its guarantee of \$20.0 million of outstanding indebtedness of Gastar USA.</p>
Liquidation Preference	<p>If Gastar USA liquidates, dissolves or winds up its operations, the holders of the Series A Preferred Securities will have the right to receive \$25.00 per share, plus all accrued and unpaid dividends (whether or not earned or declared) to and including the date of payment, before any payments are made to the holders of Gastar USA’s common stock and any other Junior Shares. The rights of the holders of the Series A Preferred Securities to receive the liquidation preference will be subject to the proportionate rights of holders of each other future series or class of Parity Shares and subordinate to the rights of Senior Shares.</p>
No Maturity or Mandatory	<p>The Series A Preferred Securities does not have any stated maturity redemption date and will not be subject to any sinking fund or mandatory redemption provisions except for redemption at Gastar USA’s option (or the option of the acquiring entity) under some circumstances upon a Change of Ownership or Control as described above or on or after June 23, 2014.</p>

Voting Rights	<p>Holders of the Series A Preferred Securities will generally only be entitled to vote on certain acquisitions and share exchange transactions and changes that would be materially adverse to the rights of holders of Series A Preferred Securities. However, if cash dividends on any outstanding Series A Preferred Securities have not been paid in full for any monthly dividend period for any four consecutive or non-consecutive quarterly periods, or if Gastar USA fails to maintain the listing of the Series A Preferred Securities on a National Exchange for at least 180 consecutive days after the Series A Preferred Securities becomes eligible for listing on a National Exchange, the holders of the Series A Preferred Securities, voting separately as a class with holders of all other series of Parity Shares upon which like voting rights have been conferred and are exercisable, will have the right to elect two directors to serve on the Gastar USA Board in addition to those directors then serving on the Gastar USA Board until such time as the Series A Preferred Securities becomes listed on a National Exchange or the dividend arrearage is eliminated.</p> <p>Additionally, the affirmative consent of holders of at least 66 2/3% of the outstanding Series A Preferred Securities will be required for the issuance of any Senior Shares or for amendments to Gastar USA's certificate of incorporation by merger or otherwise that would affect adversely the rights of holders of the Series A Preferred Securities. For more information regarding the voting rights of the Series A Preferred Securities, please see "Description of Series A Preferred Securities—Voting Rights."</p>
Material U.S. Federal Income Tax Consequences	<p>The material U.S. federal income tax consequences of purchasing, owning and disposing of Series A Preferred Securities are described in "Material U.S. Federal Income Tax Consequences" beginning on page S-37 of this prospective supplement. You should consult your tax advisor with respect to the U.S. federal income tax consequences of owning the Series A Preferred Securities in light of your own particular situation and with respect to any tax consequences arising under the laws of any state, local, foreign or other taxing jurisdiction.</p>
Listing, Market for Series A Preferred Securities	<p>Subject to issuance, Gastar USA anticipates that the shares of Series A Preferred Securities will be approved for listing on the NYSE Amex under the symbol "GST.PR.A." There is no established public trading market for the Series A Preferred Securities and such a market may not develop.</p>

## Table of Contents

No Conversion Rights	The Series A Preferred Securities are not convertible into, or exchangeable for, any of Gastar USA's other property or securities or that of its Parent or its subsidiaries.
Use of Proceeds	We estimate that, in the event that shares offered hereunder are sold at \$23.25 per share, the net proceeds from this offering will be approximately \$13.8 million, after deducting the underwriting commissions and estimated offering expenses payable by us. We intend to use the net proceeds from the sale of the securities offered by us under this prospectus supplement to repay borrowings under Gastar USA's revolving credit facility, which were incurred to pay for our capital expenditure program and for general corporate purposes. Any remaining net proceeds will be used to fund additional capital expenditures or to provide working capital for general corporate purposes. The precise amount and timing of the application of such proceeds will depend upon Gastar USA's funding requirements and the availability and cost of other funds.
Risk Factors	Investing in the Series A Preferred Securities involves certain risks. You should carefully consider the information set forth in the section of this prospectus supplement titled "Risk Factors," in the Parent's reports filed with the SEC, which are incorporated by reference herein, and the other information included in or incorporated in this prospectus supplement, before deciding whether to invest in our Series A Preferred Securities.

## RISK FACTORS

*An investment in our securities involves a high degree of risk. You should carefully consider the following risks and all of the other information included or incorporated by reference in this prospectus supplement, including but not limited to the risk factors included in the Company's Form 10-K filed with the SEC on March 10, 2011, and the accompanying prospectus before making an investment decision. Additional risks related to us and our securities may be in our other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act. In evaluating us, the factors described below should be considered carefully. The occurrence of one or more of these events could significantly and adversely affect our business, prospects, financial condition, results of operations and cash flows. The trading price of our Series A Preferred Securities could decline due to any of these risks, and you may lose all or part of your investment.*

### **Risks Relating to This Offering**

***The Series A Preferred Securities are a new issuance of securities and does not have an established trading market, which may negatively affect its market value and your ability to transfer or sell your shares; the Series A Preferred Securities have no stated maturity date.***

The shares of Series A Preferred Securities are a new issuance of securities with no established trading market. Since the securities have no stated maturity date, investors seeking liquidity will be limited to selling their shares in the secondary market. Subject to issuance, we anticipate that our shares of Series A Preferred Securities will be approved for listing on the NYSE Amex under the symbol "GST.PR.A." An active trading market for the shares may not develop or, even if it develops, may not last, in which case the trading price of the shares could be adversely affected and your ability to transfer your shares of Series A Preferred Securities will be limited.

***The market value of the Series A Preferred Securities could be adversely affected by various factors.***

The trading price of the shares of Series A Preferred Securities may depend on many factors, including:

- market liquidity;
- prevailing interest rates;
- the market for similar securities;
- general economic conditions; and
- our financial condition, performance and prospects.

For example, higher market interest rates could cause the market price of the Series A Preferred Securities to decrease.

***Gastar USA could be prevented from paying cash dividends on the Series A Preferred Securities.***

Although dividends on the Series A Preferred Securities are cumulative and arrearages will accrue until paid, you will only receive cash dividends on the Series A Preferred Securities if Gastar USA has funds legally available for the payment of dividends and such payment is not restricted or prohibited by law, the terms of any Senior Shares or the terms of any of its agreements, including the documents governing its indebtedness.

Under Delaware law, cash dividends on capital stock may only be paid from "surplus" or, if there is no "surplus," from the corporation's net profits for the then-current or the preceding fiscal year. Unless Gastar USA operates profitably, its ability to pay cash dividends on the Series A Preferred Securities would require the availability of adequate "surplus," which is defined as the excess, if any, of net assets (total assets less total liabilities) over capital. Gastar USA's business may not generate sufficient cash flow from operations to enable us to pay dividends on the Series A Preferred Securities when payable. Further, even if adequate surplus is available to pay cash dividends on the Series A Preferred Securities, Gastar USA may not have sufficient cash to pay dividends on the Series A Preferred Securities.

## Table of Contents

Gastar USA's revolving credit facility, which is guaranteed by the Parent as well as Gastar USA's subsidiaries, contains covenants that prohibit the Gastar entities from (i) paying cash dividends or dividends paid in equity interests if a default or an event of default exists at the time of, or would be caused by, such payment and (ii) paying any cash dividends due on the Series A Preferred Securities in excess of \$10 million in the aggregate each calendar year. As such, Gastar USA could become unable, on a temporary or permanent basis, to pay dividends, either in cash or in kind, on the shares of Series A Preferred Securities. Future debt, contractual covenants or arrangements that Gastar USA may enter into in the future may also restrict or prevent future dividend payments.

The payment of any future dividends will be determined by the Gastar USA Board in light of conditions then existing, including earnings, financial condition, capital requirements, restrictions in financing agreements, business conditions and other factors affecting us as a whole. Accordingly, there is no guarantee that we will be able to pay any dividends on the Series A Preferred Securities.

***As a holding company, the Parent depends on the ability of its subsidiaries to transfer funds to it to meet its debt service and other obligations, including with respect to its guarantee of the Series A Preferred Securities.***

The Parent is a holding company and has substantially no direct operations or significant assets, other than the equity interest of its subsidiaries. Accordingly, the Parent depends on its subsidiaries, including Gastar USA, its primary operating subsidiary, for dividends and other payments to generate the funds necessary to meet its debt service and other obligations. The Parent's ability to satisfy its obligations under the guarantee of the Series A Preferred Securities will depend on the receipt of distributions and other payments from Gastar USA and its subsidiaries. The ability of Gastar USA and its subsidiaries to pay dividends, interest payments, loans and other distributions to the Parent is limited by the terms of the revolving credit facility, as well as by such subsidiaries' operating results.

***Your rights with respect to the payment of dividends are limited. In the event Gastar USA is unable to pay cash dividends, you may receive additional Series A Preferred Securities, Gastar USA common stock or Parent Common Stock.***

Your rights with respect to the payment of dividends are limited. In the event Gastar USA is unable to pay cash dividends, the dividends will be paid in shares of additional Series A Preferred Securities, Gastar USA common stock or Parent Common Stock. Although the payment of such equity interests is designed to be equivalent to the value of the cash dividend then owed, the value of any such equity interests issued in lieu of cash may not be sufficient to adequately compensate you for your investment. In the event Gastar USA were to pay dividends in additional Series A Preferred Securities, Gastar USA common stock or Parent Common Stock rather than cash, the price of our Series A Preferred Securities may be depressed at such time. Additional issuances and sales of Series A Preferred Securities, Gastar USA common stock or Parent Common Stock, or the perception that such issuances and sales could occur, may cause prevailing market prices for such securities to decline.

In order to issue shares of common stock of Gastar USA, such shares would need to be registered with and approved for listing on the NYSE Amex. There can be no assurance that Gastar USA would be successful in registering such shares on the NYSE Amex. Additionally, if listed on the NYSE Amex, Gastar USA's ability to pay dividends on the Series A Preferred Securities in shares of Gastar USA common stock would be limited by Section 713(a) of the NYSE Amex Company Guide ("Section 713"). Section 713 limits a listed company's ability to issue shares of common stock representing more than 20% of its outstanding shares immediately prior to such issuance, without shareholder approval, subject to certain exceptions. Furthermore, Gastar USA must obtain the consent of Parent in order to use shares of the Parent Common Stock as payment of dividends on the Series A Preferred Securities and Section 713 would likewise limit the Parent's ability to issue shares of Parent Common Stock in payment of dividends.

## [Table of Contents](#)

***The Series A Preferred Securities have not been rated and our payment obligations with respect to the shares of Series A Preferred Securities, including under the Parent guarantee, will be effectively subordinated to all of the existing and future debt of Gastar USA and Parent.***

The Series A Preferred Securities have not been rated by any nationally recognized statistical rating organization. In addition, with respect to dividend rights and rights upon our liquidation, winding-up or dissolution, the Series A Preferred Securities will be subordinated to all of Gastar USA's existing and future debt and all future capital stock designated as senior to the Series A Preferred Securities. Similarly, the guarantee of the Series A Preferred Securities will effectively rank junior to any existing and future debt of the Parent. As of March 31, 2011, the total outstanding indebtedness of Gastar USA was approximately \$20 million. The Parent has no outstanding indebtedness other than its guarantee of Gastar USA's outstanding indebtedness under the revolving credit facility. We may incur additional indebtedness in the future to finance potential acquisitions or the development of new properties and the terms of the Series A Preferred Securities do not require us to obtain the approval of the holders of the Series A Preferred Securities prior to incurring additional indebtedness. As a result, our existing and future indebtedness may be subject to restrictive covenants or other provisions that may prevent or otherwise limit our ability to make dividend or liquidation payments on the Series A Preferred Securities. Upon our liquidation, our obligations to our creditors would rank senior to the Series A Preferred Securities and would be required to be paid before any payments could be made to holders of the Series A Preferred Securities.

***A court could cancel the Series A Preferred Securities or the guarantee of our Parent under fraudulent conveyance laws or certain other circumstances.***

Our issuance of the Series A Preferred Securities by our current and future subsidiaries and our Parent may be subject to review under federal or state fraudulent transfer or similar laws.

Gastar USA's obligations with respect to the Series A Preferred Securities are guaranteed by the Parent. The Parent guarantee may be subject to legal challenge and review based on various laws and defenses relating to fraudulent conveyance or transfer, voidable preferences, financial assistance, corporate purpose, capital maintenance, the payment of legally sufficient consideration and other laws and defenses affecting the rights of creditors generally. The laws of various jurisdictions, including the jurisdictions in which the Parent is organized and those in which the Parent owns assets or otherwise conducts business, may be applicable to the Parent guarantee. Accordingly, there can be no assurance that a third party creditor or bankruptcy trustee would not challenge the Parent guarantee in court and prevail in whole or in part.

Although laws differ among various jurisdictions, in general, under fraudulent conveyance or transfer laws, a court could void or subordinate the Series A Preferred Securities or the Parent guarantee if it found that:

- Gastar USA or the Parent intended to hinder, delay or defraud our creditors;
- Gastar USA or the Parent knew or should have known that the transactions were to the detriment of our creditors;
- the transactions had the effect of giving a preference to one creditor or class of creditors over another; or
- Gastar USA or the Parent did not receive fair consideration and reasonably equivalent value for incurring such indebtedness or guarantee obligations and Gastar USA or the Parent (i) were insolvent or rendered insolvent by reason of the incurrence of such indebtedness or obligations, (ii) were engaged or about to engage in a business or transaction for which Gastar USA's or the Parent's remaining assets constituted unreasonably insufficient capital or (iii) intended to incur, or believed that Gastar USA or the Parent would incur, debts beyond our or their ability to pay as they mature.

## [Table of Contents](#)

The measure of insolvency for purposes of fraudulent transfer laws varies depending on the law applied. Generally, however, an entity would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its existing debts and liabilities, including contingent liabilities, as they become absolute and mature; or
- it could not or would not pay its debts as they become due.

There can be no assurance that a court would reach the conclusion that, upon the issuance of the Series A Preferred Securities and Parent guarantee, Gastar USA and the Parent will be solvent, will have sufficient capital to carry on their business and will be able to pay their debts as they mature. If a court were to find that the issuance of the Series A Preferred Securities and Parent guarantee was a fraudulent conveyance or transfer or constituted an illegal preference, the court could void the payment obligations under the Series A Preferred Securities and Parent guarantee, further subordinate the Series A Preferred Securities or the Parent guarantee to presently existing and future indebtedness of Gastar USA or the Parent, or require the holders of the Series A Preferred Securities to repay any amounts received with respect to the Series A Preferred Securities or Parent guarantee.

It is possible that a creditor of the Parent, or a bankruptcy trustee in the case of a bankruptcy of the Parent, may contest the validity or enforceability of the Parent guarantee and that a court may determine that the Parent guarantee should be limited or voided. To the extent that the Parent guarantee is determined to be void or unenforceable, or the agreed limitations on the guaranteed obligations become applicable, the Series A Preferred Securities would not have a claim under the Parent guarantee and would accordingly be effectively subordinated to all other liabilities of the Parent.

### ***The guarantee by our Parent may terminate prior to the repayment of the Series A Preferred Securities.***

Gastar USA's obligations with respect to the Series A Preferred Securities are guaranteed by the Parent to the extent set forth in the Guarantee Agreement. Under the terms of the Guarantee Agreement, the Parent guarantee will terminate if it no longer holds a majority of the voting equity of Gastar USA. If our Parent sells all or a portion of its Gastar USA common stock, if Gastar USA issues voting equity to a third party or if there is some reorganization or other event which causes our Parent to no longer hold a majority of the voting equity of Gastar USA, then the holders of the Series A Preferred Stock will no longer have the benefit of the Parent guarantee.

### ***Investors should not expect us to redeem the Series A Preferred Securities on the date the Series A Preferred Securities becomes redeemable by the Company or on any particular date afterwards.***

The shares of Series A Preferred Securities have no maturity or mandatory redemption date and are not redeemable at the option of investors under any circumstances. By its terms, the Series A Preferred Securities may be redeemed by us at our option either in whole or in part at any time on or after, 2011. Any decision we may make at any time to redeem the Series A Preferred Securities will depend upon, among other things, our evaluation of our capital position, including the composition of our stockholders' equity and general market conditions at that time.

### ***Holders of Series A Preferred Securities have extremely limited voting rights.***

Except as expressly stated in the certificate of designations governing the Series A Preferred Securities, as a holder of Series A Preferred Securities, you will not have any relative, participating, optional or other special voting rights and powers and your approval will not be required for the taking of any corporate action. For

## [Table of Contents](#)

example, your approval would not be required for any merger or consolidation in which we are involved or sale of all or substantially all of our assets except to the extent that such transaction materially adversely changes the express powers, preferences, rights or privileges of the holders of Series A Preferred Securities. None of the provisions relating to the Series A Preferred Securities contains any provisions affording the holders of the Series A Preferred Securities protection in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all of our assets or business, that might adversely affect the holders of the Series A Preferred Securities, so long as the terms and rights of the holders of Series A Preferred Securities are not materially and adversely changed. See “Description of the Series A Preferred Securities — Voting Rights” on page S-30 of this prospectus supplement.

### ***The issuance of future offerings of preferred securities may adversely affect the value of the Series A Preferred Securities.***

Gastar USA’s certificate of incorporation currently authorizes the issuance of up to 10,000,000 shares of preferred securities in one or more series on terms that may be determined at the time of issuance by the Gastar USA Board. Upon the completion of the offering described in this prospectus supplement, Gastar USA may sell additional shares of Series A Preferred Securities on terms that may differ from those described in this prospectus supplement. Accordingly, Gastar USA may issue additional shares of Series A Preferred Securities and/or other classes of preferred shares that would rank on parity with or senior to the Series A Preferred Securities as to dividend rights or rights upon liquidation, winding up or dissolution. The issuance of additional preferred shares on parity with or, with the consent of the holders of the Series A Preferred Securities, senior to the Series A Preferred Securities would dilute the interests of the holders of Series A Preferred Securities and any issuance of preferred securities that is senior to the Series A Preferred Securities could affect Gastar USA’s ability to pay dividends on, redeem or pay the liquidation preference on the Series A Preferred Securities.

### ***This offering is being conducted on a “best efforts” basis.***

The underwriter is offering the Series A Preferred Securities on a “best efforts” basis, and the underwriter is under no obligation to purchase any shares of Series A Preferred Securities for its own account. The underwriter is not required to sell any specific number or dollar amount of securities in this offering but will use its best efforts to sell the securities offered in this prospectus supplement. As a “best efforts” offering, there can be no assurance that the offering contemplated hereby will ultimately be consummated.

### ***You may be required to use other sources of funds to pay income taxes in respect of dividends received, or deemed to be received, on the Series A Preferred Securities in certain circumstances.***

If we are required to pay dividends on the Series A Preferred Securities in additional shares of Series A Preferred Securities or in shares of the Parent’s common stock and this stock is not marketable at such time, you will be required to satisfy your income tax liability with respect to such dividends from other sources. For additional information concerning these matters, see “Material U.S. Federal Income Tax Consequences” on page S-37 of this prospectus supplement.

### ***Holders of the Series A Preferred Securities may be unable to use the dividends-received deduction and may not be eligible for the preferential tax rates applicable to “qualified dividend income.”***

Distributions paid to corporate U.S. holders of the Series A Preferred Securities may be eligible for the dividends-received deduction, and distributions paid to non-corporate U.S. holders of the Series A Preferred Securities may be subject to tax at the preferential tax rates applicable to “qualified dividend income,” if we have current or accumulated earnings and profits, as determined for U.S. federal income tax purposes. As of the date of this prospectus supplement, Gastar USA does not believe it has any accumulated earnings and profits for U.S. federal income tax purposes. Additionally, we may not have sufficient current earnings and profits during future fiscal years for the distributions on the Series A Preferred Securities to qualify as dividends for U.S. federal

## [Table of Contents](#)

income tax purposes. If the distributions fail to qualify as dividends, U.S. holders would be unable to use the dividends-received deduction and may not be eligible for the preferential tax rates applicable to “qualified dividend income.” If any distributions on the Series A Preferred Securities with respect to any fiscal year are not eligible for the dividends-received deduction or preferential tax rates applicable to “qualified dividend income” because of insufficient current or accumulated earnings and profits, it is possible that the market value of the Series A Preferred Securities might decline. For additional information concerning these matters, see “Material U.S. Federal Income Tax Consequences” on page S-37 of this prospectus supplement.

### ***Non-U.S. holders may be subject to U.S. income tax with respect to gain on disposition of their Series A Preferred Securities.***

If Gastar USA is a U.S. real property holding corporation at any time within the five-year period preceding a disposition of Series A Preferred Securities by a non-U.S. holder or the holder’s holding period of the stock disposed of, whichever period is shorter, such non-U.S. holder may be subject to U.S. federal income tax with respect to gain on such disposition. Gastar USA believes that it is a U.S. real property holding corporation. However, so long as the Series A Preferred Securities are regularly traded on an established securities market, a non-U.S. holder will not be subject to U.S. federal income tax on the disposition of the Series A Preferred Securities if it holds and has held (during the shorter of the five-year period immediately preceding the date of disposition or the holder’s holding period) not more than 5% of the total outstanding shares of the Series A Preferred Securities. For additional information concerning these matters, see “Material U.S. Federal Income Tax Consequences” on page S-37 of this prospectus supplement.

### ***The Series A Preferred Securities are not convertible and purchasers may not realize a corresponding benefit if we prosper.***

The Series A Preferred Securities are not convertible into Gastar USA’s common stock and earn dividends at a fixed rate. Accordingly, the market value of the Series A Preferred Securities may depend on dividend and interest rates for other preferred securities, commercial paper and other investment alternatives and Gastar USA’s actual and perceived ability to pay dividends on, and in the event of dissolution satisfy the liquidation preference with respect to, the Series A Preferred Securities. Moreover, Gastar USA’s right to redeem the Series A Preferred Securities on or after June 23, 2014 or in the event of a change in control could impose a ceiling on its value.

## USE OF PROCEEDS

We estimate that, in the event that shares of Series A Preferred Securities offered by this prospectus supplement are sold at \$23.25 per share, we will receive net proceeds of approximately \$13.8 million from the sale of the Series A Preferred Securities offered by this prospectus supplement, after deducting the underwriting commissions and estimated expenses of this offering payable by us.

We intend to use the net proceeds from the sale of the securities offered by us under this prospectus supplement to repay borrowings under Gastar USA's revolving credit facility, which were incurred to pay for our capital expenditure program and for general corporate purposes. Any remaining net proceeds will be used to fund additional capital expenditures or to provide working capital for general corporate purposes. The precise amount and timing of the application of such proceeds will depend upon Gastar USA's funding requirements and the availability and cost of other funds.

As of March 31, 2011, Gastar USA's revolving credit facility, which matures on January 2, 2013, had \$20.0 million of borrowings outstanding, and the weighted average interest rate of Gastar USA's revolving credit facility was 3.06%.

**SUPPLEMENTAL OIL AND GAS DISCLOSURES**

The following table sets forth certain unaudited information concerning our proved oil and natural gas reserves as of December 31st for each of the three previous years using SEC pricing based on the average price as of the first day of each of the twelve months ended December 31st of the respective years. These reserve estimates are based on the reserves report prepared by Netherland, Sewell & Associates, Inc., independent petroleum engineer consultants. All of our reserves are held by Gastar USA and its subsidiaries and are located in the United States.

There are numerous uncertainties inherent in estimating the quantities of proved reserves. The following reserve data represents estimates only and should not be construed as being exact. See “Risk Factors—Risks Related to Our Business” in the Parent’s Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC on March 10, 2011. Reserve estimates depend on many assumptions that may turn out to be inaccurate. Any material inaccuracies in these reserve estimates or underlying assumptions could materially affect the quantity and present values of our reserves.

- (1) Mmcfe is determined using a conversion factor of six cubic feet of natural gas to one barrel of oil. The conversion ratio does not assume price equivalency and the price per Mcfe for oil and natural gas liquids may differ significantly from the price per Mcf for natural gas.
- (2) Thousand barrels.
- (3) Oil volumes have been converted to equivalent natural gas volumes using a conversion factor of six cubic feet of natural gas to one barrel of oil.
- (2) The 2008 upward revision of previous estimates is primarily attributable to performance revisions in the Hilltop area of east Texas reduced by the impact of lower natural gas prices. Natural gas prices decreased approximately 25% from December 31, 2007 to December 31, 2008, resulting in a decrease in proved reserves of approximately 10,754 MMcf.
- (3) The 2009 downward revision of previous estimates of natural gas is primarily attributable to lower natural gas prices. The December 31, 2009 reserve report utilized a 12-month unweighted first-day-of-the-month price compared to the utilization of the year end spot price on December 31, 2008 resulting in a decrease in

price of approximately 35% and a decrease in proved reserves of approximately 11,300 MMcf from December 31, 2008 to December 31, 2009. Natural gas negative impact was partially offset by upward performance revisions, primarily in the Hilltop area of East Texas.

### **Standardized Measure of Discounted Future Pre-Tax Net Cash Flow**

This prospectus supplement includes the present value, discounted at 10% per annum, of estimated future net revenue before income tax of our estimated proved reserves, which is referred to herein as the "PV-10." PV-10 is a non-U.S. GAAP financial measure because it excludes the effects of income taxes. We believe that PV-10 is a useful measure for evaluating the relative monetary significance of our oil and natural gas properties. Further, investors may use the measure as a basis for comparison of the relative size and value of our reserves to other companies. PV-10 should not be considered as an alternative to standardized measure of discounted future net cash flows as defined under U.S. GAAP and represented in our financial statements.

The standardized measure of discounted future net cash flows relating to proved natural gas and oil reserves is presented below. The standardized measure of discounted future pre-tax net cash flow from estimated proved reserves is provided as a common base for comparing oil and natural gas reserves of enterprises in the industry and may not represent the fair market value of the oil and natural gas reserves or the present value of future cash flow of equivalent reserves due to various uncertainties inherent in making these estimates. Those factors include changes in oil and natural gas prices from prices used in the estimates, unanticipated changes in future production and development costs and other uncertainties in estimating quantities and present values of oil and natural gas reserves.

(1) On May 24, 2011, Gastar USA converted from a Michigan corporation to a Delaware corporation. Prior to the Conversion, Gastar USA’s articles of incorporation did not authorize for issuance any preferred stock. Following the Conversion, Gastar USA’s new Delaware certificate of incorporation allows Gastar USA to issue 10,000,000 shares of preferred stock, with \$0.01 par value. Following the Conversion, Gastar USA’s new Delaware certificate of incorporation allows Gastar USA to issue 1,000 shares of common stock, without par value. In connection with the Conversion, the Parent’s 750 shares of common stock in the Michigan corporation were converted to 750 shares of common stock in the new Gastar USA Delaware corporation. The stockholder’s equity presented above and in the balance sheet of Gastar USA as of March 31, 2011 in Gastar USA’s consolidated financial statements and the related notes in the Current Report on Form 8-K filed with the SEC on May 26, 2011 gives effect to the Conversion as if it had occurred prior to March 31, 2011.

## DESCRIPTION OF SERIES A PREFERRED SECURITIES

*The terms of the Series A Preferred Securities will be contained in a certificate of designation that will amend Gastar USA's certificate of incorporation. The following description is a summary of the material provisions of the Series A Preferred Securities and the certificate of designation. It does not purport to be complete. You are strongly encouraged to read the certificate of designation because it, and not this description, defines your rights as a holder of shares of Series A Preferred Securities. We will include the certificate of designation in a Current Report on Form 8-K that we will file with the Securities and Exchange Commission.*

### General

The Gastar USA Board is authorized to cause Gastar USA to issue, from its authorized but unissued shares of preferred securities, one or more series of preferred securities, to establish from time to time the number of shares to be included in each such series, and to fix the designation and any preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends, qualifications and terms and conditions of redemption of the shares of each such series. Pursuant to this authority, prior to the closing of this offering, the Gastar USA Board will establish the terms of the Series A Preferred Securities, which are described below.

When issued, the Series A Preferred Securities will be validly issued, fully paid and non-assessable. The holders of the Series A Preferred Securities will have no preemptive rights with respect to any of Gastar USA's common stock or any securities convertible into or carrying rights or options to purchase any such common stock. The Series A Preferred Securities will not be subject to any sinking fund or other obligation of Gastar USA to redeem or retire the Series A Preferred Securities, but Gastar USA may redeem the Series A Preferred Securities as described below under "— Redemption." Unless redeemed or repurchased by Gastar USA, the Series A Preferred Securities will have a perpetual term with no maturity.

Under the terms and subject to the conditions contained in the underwriting agreement with the underwriter (see below under the caption "Underwriting"), Gastar USA has agreed to issue and sell to the public through the underwriter, and the underwriter has agreed to offer and sell, 646,295 shares of Series A Preferred Securities, on a best efforts basis. However, one of the conditions to Gastar USA's obligation to sell any of the shares of Series A Preferred Securities through the underwriter is that, upon the closing of the offering, the shares would qualify for listing on the NYSE Amex. In order to list, the NYSE Amex requires that at least 100,000 shares of Series A Preferred Securities be outstanding and the shares must be held in the aggregate by at least 100 round lot stockholders holding an aggregate of at least \$2,000,000 in shares.

Subject to issuance, Gastar USA anticipates that the shares of Series A Preferred Securities will be approved for listing on the NYSE Amex under the symbol "GST.PRA."

The Series A Preferred Securities will be issued and maintained in book-entry form registered in the name of the nominee, The Depository Trust Company, except in limited circumstances. See "Book-Entry Procedures" below.

The transfer agent, registrar and dividend disbursing agent for the Series A Preferred Securities will be American Stock Transfer & Trust Company, LLC.

### Parent Guarantee

Parent will fully and unconditionally guarantee the payment of dividends that have been declared by the Gastar USA Board, amounts payable upon redemption or liquidation, dissolution or winding up, and any other amounts due with respect to the Series A Preferred Securities, to the extent described in this prospectus supplement. The Parent guarantee of the Series A Preferred Securities is further described in this prospectus supplement under "Description of Guarantee of Preferred Securities."

## Table of Contents

### **Ranking**

The Series A Preferred Securities will rank: (i) senior to all of Gastar USA's common stock and any other equity securities that it may issue in the future, the terms of which specifically provide that such equity securities rank junior to such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up, referred to as Junior Shares; (ii) equal to any shares of equity securities that Gastar USA may issue in the future, the terms of which specifically provide that such equity securities rank on par with such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up, referred to as Parity Shares; (iii) junior to all other equity securities issued by Gastar USA, the terms of which specifically provide that such equity securities rank senior to such Series A Preferred Securities, in each case with respect to payment of dividends and amounts upon liquidation, dissolution or winding up (any such issuance would require the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series A Preferred Securities), referred to as Senior Shares; and (iv) junior to all of Gastar USA's existing and future indebtedness.

### **Dividends**

Holders of the Series A Preferred Securities will be entitled to receive, when and as declared by the Gastar USA Board, out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of 8.625% per annum of the \$25.00 per share liquidation preference, equivalent to \$2.15625 per annum per share.

The offering of Series A Preferred Securities contemplated by this prospectus supplement is the first issuance of shares of this series by Gastar USA. With respect to shares of Series A Preferred Securities issued pursuant to this prospectus supplement or any other shares of Series A Preferred Securities issued in June 2011, Gastar USA anticipates setting the record date for a June 2011 partial dividend period on June 30, 2011, with such initial dividend payment to be made at the end of July 2011. Any other subsequently issued shares of Series A Preferred Securities will become entitled to dividends commencing on the first monthly record date following the date of issuance, and Gastar USA anticipates setting record dates as of the fifteenth of every month with dividends to be paid at the end of the month to such holders of record. Dividends will be payable monthly in arrears on the last day of each calendar month; provided, that if such day falls on a national holiday or a weekend, such dividends will be due and payable on the next business day following such weekend or national holiday. Dividends payable on the shares of Series A Preferred Securities for any partial dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months. Except as discussed above with respect to the June 2011 partial dividend period, Gastar USA will pay dividends to holders of record as they appear in Gastar USA's stockholder records at the close of business on the applicable record date, which will be the 10th day preceding the applicable payment date, or such other date Gastar USA establishes no less than 10 days and no more than 30 days preceding the payment date.

Gastar USA will not declare or pay or set aside for payment any dividend on the shares of Series A Preferred Securities if the terms of any Senior Shares or any of its agreement, including documents relating to its indebtedness, prohibit that declaration, payment or setting aside of funds or provide that the declaration, payment or setting aside of funds is a breach of or a default under that agreement, or if the declaration, payment or setting aside of funds is restricted or prohibited by law. Gastar USA's revolving credit facility contains covenants that prohibit the Gastar entities from (i) paying cash dividends or dividends paid in equity interests if a default or an event of default exists at the time of, or would be caused by, such payment and (ii) paying any cash dividends due on the Series A Preferred Securities in excess of \$10 million in the aggregate each calendar year. As such, Gastar USA could become unable, on a temporary or permanent basis, to pay cash dividends on the shares of Series A Preferred Securities. In addition, future debt, contractual covenants or arrangements Gastar USA may enter into may restrict or prevent future dividend payments. The payment of any future dividends will be determined by the Gastar USA Board in light of conditions then existing, including earnings, financial condition, capital requirements, restrictions in financing agreements, business conditions and other factors affecting us as a whole.

## Table of Contents

Notwithstanding the foregoing, however, dividends on the shares of Series A Preferred Securities will accrue regardless of whether: (i) the terms of Gastar USA's Senior Shares or its agreements, including documents relating to its indebtedness, at any time prohibit the current payment of dividends; (ii) Gastar USA has earnings; (iii) there are funds legally available for the payment of such dividends; or (iv) such dividends are declared by the Gastar USA Board. Except as otherwise provided, accrued but unpaid distributions on the shares of Series A Preferred Securities will not bear interest, and holders of the shares of Series A Preferred Securities will not be entitled to any distributions in excess of full cumulative distributions as described above. All dividends on the shares of Series A Preferred Securities will be credited to the previously accrued dividends on the shares of Series A Preferred Securities. Gastar USA will credit any dividends paid on the shares of Series A Preferred Securities first to the earliest accrued and unpaid dividend due.

Gastar USA may not declare or pay any dividends, or set aside any funds for the payment of dividends, on shares of common stock or other Junior Shares, or redeem, purchase or otherwise acquire shares of common stock or other Junior Shares, unless Gastar USA also has declared and either paid or set aside for payment the full cumulative dividends on the shares of Series A Preferred Securities for all past dividend periods.

If Gastar USA does not declare and either pay or set aside for payment the full cumulative dividends on the shares of Series A Preferred Securities and all Parity Shares, the amount which Gastar USA has declared will be allocated pro rata to the shares of Series A Preferred Securities and to each Parity Share so that the amount declared for each share of Series A Preferred Securities and for each Parity Share is proportionate to the accrued and unpaid distributions on those shares.

### ***Failure to Make Dividend Payments***

If Gastar USA has committed a dividend default by failing to pay the accrued cash dividends on the outstanding Series A Preferred Securities in full for any monthly dividend period within a quarterly period for a total of four consecutive or non-consecutive quarterly periods, then (i) the annual dividend rate on the Series A Preferred Securities will be increased to 10.625% per annum (the "Penalty Rate"), commencing on the first day after the dividend payment date on which such dividend default occurs; (ii) if dividends are not paid in cash, dividends on the Series A Preferred Securities, including all accrued but unpaid dividends, will be paid by issuing to the holders thereof: (a) if Gastar USA's common stock is then listed on a National Exchange and to the extent permitted under the rules of the National Exchange on which such shares are listed, registered common stock of Gastar USA (based on the weighted average daily trading price for the 10 business day period ending on the business day immediately preceding the payment) and cash in lieu of any fractional share or (b) if Gastar USA's common stock is not listed on a National Exchange, either, at Gastar USA's election, (x) additional shares of Series A Preferred Securities with a liquidation value equal to the amount of the dividend and cash in lieu of any fractional share or (y) if the Parent Common Stock is then listed on a National Exchange, Parent owns a majority of the voting stock of Gastar USA and to the extent permitted under applicable securities laws and the rules of the National Exchange on which such shares are listed, registered shares of Parent Common Stock (based on the weighted average daily trading price for the 10 business day period ending on the business day immediately preceding the payment) and cash in lieu of any fractional shares of Parent Common Stock, provided that the Parent consents to such issuance of registered shares of Parent Common Stock; and (iii) the holders of the Series A Preferred Securities will have the voting rights described below. See "Description of Series A Preferred Securities — Voting Rights." Once all accumulated and unpaid dividends have been paid in full and cash dividends at the Penalty Rate have been paid in full for an additional two consecutive quarters, the dividend rate will be restored to the stated rate and the foregoing provisions will not be applicable, unless Gastar USA again fails to pay any monthly dividend for any future quarter.

### ***Failure to Maintain National Market Listing of Series A Preferred Securities***

Once the Series A Preferred Securities are eligible for listing, if Gastar USA fails to maintain the listing of the Series A Preferred Securities on a National Exchange for at least 180 consecutive days, then: (i) the annual dividend rate on the Series A Preferred Securities will be increased to 10.625% per annum commencing on the 181st

## [Table of Contents](#)

day, in a period of 181 consecutive days, that the Series A Preferred Securities are not listed on a National Exchange, and (ii) holders of Series A Preferred Securities will have the voting rights described below. See “— Voting Rights.” When the Series A Preferred Securities are once again listed on a National Exchange, the dividend rate will be restored to the Stated Rate and the foregoing provisions will not be applicable, unless the Series A Preferred Securities are again no longer listed on a National Exchange.

### **Liquidation Preference**

Upon any voluntary or involuntary liquidation, dissolution or winding up of Gastar USA’s affairs, then, before any distribution or payment shall be made to the holders of any common stock or any other class or series of Junior Shares in the distribution of assets upon any liquidation, dissolution or winding up of Gastar USA, the holders of Series A Preferred Securities shall be entitled to receive out of its assets legally available for distribution to stockholders, liquidating distributions in the amount of the liquidation preference, or \$25.00 per share, plus an amount equal to all dividends (whether or not earned or declared) accrued and unpaid thereon. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A Preferred Securities will have no right or claim to any of Gastar USA’s remaining assets. In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, Gastar USA’s available assets are insufficient to pay the amount of the liquidating distributions on all outstanding Series A Preferred Securities and the corresponding amounts payable on all Senior Shares and Parity Shares, then after payment of the liquidating distribution on all outstanding Senior Shares, the holders of the Series A Preferred Securities and all other such classes or series of Parity Shares shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled. For such purposes, the consolidation or merger of Gastar USA with or into any other entity, or the sale, lease or conveyance of all or substantially all of Gastar USA’s property or business, or a statutory share exchange shall not be deemed to constitute a voluntary or involuntary liquidation, dissolution or winding up of Gastar USA.

The certificate of designation for the Series A Preferred Securities will not contain any provision requiring funds to be set aside to protect the liquidation preference of the Series A Preferred Securities.

### **Redemption**

#### ***General***

Gastar USA may not redeem the Series A Preferred Securities prior to June 23, 2014, except following a “Change of Ownership or Control” as described below in this prospectus supplement. On or after June 23, 2014, Gastar USA, at its option, upon not less than 30 nor more than 60 days’ written notice, may redeem the Series A Preferred Securities, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends thereon to the date fixed for redemption, without interest. If fewer than all of the outstanding Series A Preferred Securities are to be redeemed, the number of shares to be redeemed will be determined by Gastar USA and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in an equitable manner determined by Gastar USA.

Unless full cumulative dividends on all Series A Preferred Securities and all Parity Shares shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, no Series A Preferred Securities or Parity Shares shall be redeemed unless all outstanding Series A Preferred Securities and Parity Shares are simultaneously redeemed; provided, however, that the foregoing shall not prevent the purchase or acquisition of Series A Preferred Securities or Parity Shares pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding Series A Preferred Securities and Parity Shares. Furthermore, unless full cumulative dividends on all outstanding Series A Preferred Securities and Parity Shares have been or contemporaneously are

## Table of Contents

declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, Gastar USA shall not purchase or otherwise acquire directly or indirectly any Series A Preferred Securities or Parity Shares (except by conversion into or exchange for Gastar USA's Junior Shares and Parity Shares).

From and after the redemption date (unless Gastar USA defaults in payment of the redemption price), all dividends will cease to accumulate on the Series A Preferred Securities, such shares shall no longer be deemed to be outstanding, and all of your rights as a holder of shares of Series A Preferred Securities will terminate with respect to such shares, except the right to receive the redemption price and all accrued and unpaid dividends up to the redemption date.

### *Procedures*

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of Series A Preferred Securities at the address shown on Gastar USA's share transfer books. Each notice shall state: (i) the redemption date, (ii) the number of shares of Series A Preferred Securities to be redeemed, (iii) the redemption price of \$25.00 per share of Series A Preferred Securities, plus any accrued and unpaid dividends through the date of redemption, (iv) the place or places where any certificates issued for Series A Preferred Securities other than through the DTC book entry described below, are to be surrendered for payment of the redemption price, (v) that dividends on the Series A Preferred Securities will cease to accrue on such redemption date, and (vi) any other information required by law or by the applicable rules of any exchange upon which the Series A Preferred Securities may be listed or admitted for trading. If fewer than all outstanding shares of Series A Preferred Securities are to be redeemed, the notice mailed to each such holder thereof shall also specify the number of shares of Series A Preferred Securities to be redeemed from each such holder.

At Gastar USA's election, on or prior to the redemption date, Gastar USA may irrevocably deposit the redemption price (including accrued and unpaid dividends) of the Series A Preferred Securities so called for redemption in trust for the holders thereof with a bank or trust company, in which case the notice to holders of the Series A Preferred Securities will (i) state the date of such deposit, (ii) specify the office of such bank or trust company as the place of payment of the redemption price, and (iii) require such holders to surrender any certificates issued for Series A Preferred Securities other than through the DTC book entry described below at such place on or about the date fixed in such redemption notice (which may not be later than such redemption date) against payment of the redemption price (including all accrued and unpaid dividends to the redemption date). Any interest or other earnings earned on the redemption price (including all accrued and unpaid dividends) deposited with a bank or trust company will be paid to Gastar USA. Any monies so deposited that remain unclaimed by the holders of the Series A Preferred Securities at the end of six months after the redemption date will be returned to Gastar USA by such bank or trust company. If Gastar USA makes such a deposit, shares of the Series A Preferred Securities shall not be considered outstanding for purposes of voting or determining shares entitled to vote on any matter on or after the date of such deposit.

On or after the date fixed for redemption, each holder of shares of Series A Preferred Securities that holds a certificate other than through the DTC book entry described below must present and surrender each certificate representing his Series A Preferred Securities to Gastar USA at the place designated in the applicable notice and thereupon the redemption price of such shares will be paid to or on the order of the person whose name appears on such certificate representing the Series A Preferred Securities as the owner thereof, each surrendered certificate will be canceled and the shares will be retired and restored to the status of undesignated, authorized shares of preferred securities.

If Gastar USA redeems any shares of Series A Preferred Securities and if the redemption date occurs after a dividend record date and on or prior to the related dividend payment date, the dividend payable on such dividend payment date with respect to such shares called for redemption shall be payable on such dividend payment date to the holders of record at the close of business on such dividend record date, and shall not be payable as part of the redemption price for such shares.

### ***Special Redemption upon Change of Ownership or Control***

Following a Change of Ownership or Control of Gastar USA or the Parent by a person, entity or group, Gastar USA (or the acquiring entity) will have the option to redeem the Series A Preferred Securities, in whole but not in part, within 90 days after the date on which the Change of Ownership or Control has occurred for cash, at the following price per share, plus accrued and unpaid dividends (whether or not earned or declared), up to the redemption date:

<b>Redemption Date</b>	<b>Redemption Price</b>
Prior to June 23, 2012	\$ 25.75
On or after June 23, 2012 and prior to June 23, 2013	\$ 25.50
On or after June 23, 2013 and prior to June 23, 2014	\$ 25.25
On or after June 23, 2014	\$ 25.00

A Change of Ownership or Control shall be deemed to have occurred on the date: (i) that a “person” or “group” (within the meaning of Sections 13(d) and 14(d) of the Exchange Act) becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a person or group shall be deemed to have beneficial ownership of all shares of voting stock that such person or group has the right to acquire regardless of when such right is first exercisable), directly or indirectly, of voting stock representing more than 50% of the total voting power of the voting stock of either Gastar USA or the Parent; (ii) that either Gastar USA or the Parent sells, transfers or otherwise disposes of all or substantially all of its assets; or (iii) of the consummation of a merger or share exchange of either Gastar USA or the Parent with another entity where the applicable entity’s stockholders immediately prior to the merger or share exchange would not beneficially own, immediately after the merger or share exchange, shares representing 50% or more of the outstanding voting stock of the entity issuing cash or securities in the merger or share exchange (without consideration of the rights of any class of stock to elect directors by a separate group vote), or where members of the Board of Directors of the applicable entity immediately prior to the merger or share exchange would not immediately after the merger or share exchange constitute a majority of the board of directors of the corporation issuing cash or securities in the merger or share exchange. “Voting stock” shall mean stock of any class or kind having the power to vote generally for the election of directors.

### **Voting Rights**

Except as indicated below, the holders of Series A Preferred Securities will have no voting rights.

If and whenever either (i) cash dividends on any outstanding Series A Preferred Securities have not been paid in full for any monthly dividend period for any four consecutive or non-consecutive quarterly periods, whether or not earned or declared, or (ii) once the Series A Preferred Securities are eligible for listing on a National Exchange Gastar USA fails to maintain the listing of the Series A Preferred Securities on such National Exchange, for a period of at least 180 consecutive days, the number of directors then constituting the Gastar USA Board will increase by at least two (such exact number to be fixed by the Gastar USA Board in accordance with the Bylaws), and the holders of Series A Preferred Securities, voting together as a class with the holders of any other Parity Shares upon which like voting rights have been conferred (any such other series, being “Voting Preferred Shares”), will have the right to elect two additional directors to serve on the Gastar USA Board. Such directors shall be nominated for election at any annual meeting of stockholders, or special meeting held in place thereof, or a special meeting of the holders of Series A Preferred Securities and such Voting Preferred Shares called at the request of any holder of record of the Series A Preferred Securities or by a holder of such Voting Preferred Shares and at each subsequent annual meeting of stockholders, all in accordance with the bylaws of Gastar USA, until Gastar USA has paid all accumulated accrued and unpaid dividends on the Series A Preferred Securities in full and has paid accrued dividends for all monthly dividend periods during the two most recently completed quarterly dividend periods in full in cash, or until the Series A Preferred Securities are again subject to a national market listing, as applicable. The term of office of all directors so elected will terminate with the termination of such voting rights.

## Table of Contents

The amended and restated bylaws of Gastar USA provide that the number of directors on the Gastar USA Board shall be fixed from time to time by a majority of the Gastar USA Board and vacancies resulting from newly created directorships may be filled by a majority of the Gastar USA Board. Because the Parent owns all of the common stock of Gastar USA and controls Gastar USA, Gastar USA presently only has one director, the Chief Executive Officer of Parent. In the event that the holders of Series A Preferred Securities and any other voting Parity Shares exercise any right to elect two directors to serve on the Gastar USA Board, the existing Gastar USA Board may, pursuant to the provisions of Gastar USA's bylaws, (i) increase the number of directors on the Gastar USA Board to a number that would allow the directors elected by the holders of the common stock of Gastar USA or appointed by the existing Gastar USA Board to fill the newly created directorships to constitute at least a majority of the Gastar USA Board and (ii) fill those vacancies prior to any such election by the holders of Series A Preferred Securities and other voting Parity Shares.

The approval of two-thirds of the outstanding Series A Preferred Securities and all other series of Voting Preferred Shares similarly affected, voting as a single class, is required in order to: (i) amend Gastar USA's certificate of incorporation if such amendment materially and adversely affects the rights, preferences or voting power of the holders of the Series A Preferred Securities or the Voting Preferred Shares; (ii) enter into a statutory share exchange that affects the Series A Preferred Securities, consolidate with or merge into another entity, or permit another entity to consolidate with or merge into Gastar USA, unless in each such case each share of Series A Preferred Securities remains outstanding without a material adverse change to its terms and rights or is converted into or exchanged for preferred securities of the surviving entity having preferences, rights, voting powers, restrictions, limitations as to dividends, qualifications and terms or conditions of redemption thereof identical to that of the Series A Preferred Securities (except for changes that do not materially and adversely affect the holders of the Series A Preferred Securities); or (iii) authorize, reclassify, create, or increase the authorized amount of any class of stock having rights senior to the Series A Preferred Securities with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up.

For avoidance of doubt, Gastar USA may create additional classes of Parity Shares and shares ranking junior to the Series A Preferred Securities as to dividends or upon liquidation (each, referred to as Junior Shares) and increase the authorized number of Series A Preferred Securities and any other series of Parity Shares and Junior Shares without the consent of any holder of Series A Preferred Securities.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required will be effected, all outstanding Series A Preferred Securities have been redeemed in accordance with their terms or called for redemption in accordance with their terms and sufficient funds shall have been deposited in trust to effect such redemption.

Except as provided above, the holders of Series A Preferred Securities are not entitled to vote on any merger or consolidation involving Gastar USA or a sale of all or substantially all of Gastar USA's assets or any amendment to Gastar USA's certificate of incorporation.

### **Conversion**

The shares of Series A Preferred Securities are not convertible into or exchangeable for any of Gastar USA's other property or securities or that of the Parent or its subsidiaries.

### **Information Rights**

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series A Preferred Securities are outstanding, we will: (i) transmit by mail to all holders of Series A Preferred Securities, as their names and addresses appear in Gastar USA's record books, and without cost to such holders, copies of the annual reports and quarterly reports that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject to such sections (other than any exhibits that

## [Table of Contents](#)

would have been required); and (ii) promptly upon written request, supply copies of such reports to any prospective holder of Series A Preferred Securities. We will mail the reports to the holders of Series A Preferred Securities within 15 days after the respective dates by which we would have been required to file the reports with the SEC if we were subject to Section 13 or 15(d) of the Exchange Act.

### **Book-Entry Procedures**

The Depository Trust Company (“DTC”) will act as securities depository for the Series A Preferred Securities. Gastar USA will issue one or more fully registered global securities certificates in the name of DTC’s nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series A Preferred Securities. Gastar USA will deposit these certificates with DTC or a custodian appointed by DTC. Gastar USA will not issue certificates to you for the Series A Preferred Securities that you purchase, unless DTC’s services are discontinued as described below.

Title to book-entry interests in the Series A Preferred Securities will pass by book-entry registration of the transfer within the records of DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC.

Each person owning a beneficial interest in the Series A Preferred Securities must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series A Preferred Securities.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants, referred to as Direct Participants, deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the NYSE Amex, and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, referred to as “Indirect Participants.” The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase the Series A Preferred Securities within the DTC system, the purchase must be made by or through a Direct Participant. The Direct Participant will receive a credit for the Series A Preferred Securities on DTC’s records. You, as the actual owner of the Series A Preferred Securities, are the “beneficial owner.” Your beneficial ownership interest will be recorded on the Direct and Indirect Participants’ records, but DTC will have no knowledge of your individual ownership. DTC’s records reflect only the identity of the Direct Participants to whose accounts Series A Preferred Securities are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series A Preferred Securities should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

## Table of Contents

The laws of some states may require that specified purchasers of securities take physical delivery of the Series A Preferred Securities in definitive form. These laws may impair the ability to transfer beneficial interests in the global certificates representing the Series A Preferred Securities.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Gastar USA understands that, under DTC's existing practices, in the event that Gastar USA requests any action of holders, or an owner of a beneficial interest in a global security such as you desires to take any action which a holder is entitled to take under Gastar USA's certificate of incorporation, as amended or supplemented, DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices will be sent to Cede & Co. If less than all of the outstanding shares of Series A Preferred Securities are being redeemed, DTC will reduce each Direct Participant's holdings of Series A Preferred Securities in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the Series A Preferred Securities. Under its usual procedures, DTC would mail an omnibus proxy to Gastar USA as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series A Preferred Securities are credited on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series A Preferred Securities will be made directly to DTC. DTC's practice is to credit participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners such as you will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of the participant and not of DTC, Gastar USA or any agent of Gastar USA.

DTC may discontinue providing its services as securities depository with respect to the Series A Preferred Securities at any time by giving reasonable notice to Gastar USA. Additionally, Gastar USA may decide to discontinue the book-entry only system of transfers with respect to the Series A Preferred Securities. In that event, Gastar USA will print and deliver certificates in fully registered form for the Series A Preferred Securities. If DTC notifies Gastar USA that it is unwilling to continue as securities depository, or if it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by Gastar USA within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, Gastar USA will issue the Series A Preferred Securities in definitive form, at Gastar USA's expense, upon registration of transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Initial settlement for the Series A Preferred Securities will be made in immediately available funds. Secondary market trading between DTC's participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

### **Direct Registration System**

Our Series A Preferred Securities are registered in book-entry form through the Direct Registration System (the “DRS”). The DRS is a system administered by DTC pursuant to which the depositary may register the ownership of uncertificated shares, which ownership shall be evidenced by periodic statements issued by the depositary to the Series A Preferred Securities holders entitled thereto. This direct registration form of ownership allows investors to have securities registered in their names without requiring the issuance of a physical stock certificate, eliminates the need for you to safeguard and store certificates and permits the electronic transfer of securities to effect transactions without transferring physical certificates.

## DESCRIPTION OF GUARANTEE OF PREFERRED SECURITIES

*The terms of the guarantee are contained in the guarantee agreement. A copy of the guarantee agreement is attached to this prospectus supplement as Exhibit A. The following description is a summary of the material provisions of the guarantee and the guarantee agreement. It does not purport to be complete. You are strongly encouraged to read the guarantee agreement because it, and not this description, defines your rights as a holder of the guarantee.*

### General

Parent irrevocably and unconditionally agrees to pay in full to the holders of Series A Preferred Securities (without duplication of amounts thereto for paid by or on behalf of Gastar USA), as and when due, regardless of any defense, right of set-off or counterclaim that Gastar USA may have or assert, the following payments, which are referred to as “guarantee payments”:

- (i) any accumulated and unpaid dividends (as described in the Certificate of Designation) that have been declared by the Gastar USA Board to be paid on the Series A Preferred Securities out of funds legally available for such dividends;
- (ii) the applicable redemption price (as described in the Certificate of Designation), plus all accrued and unpaid dividends to the date of redemption, with respect to any Series A Preferred Securities called for redemption by Gastar USA or otherwise required to be redeemed by the terms of the Certificate of Designation; and
- (iii) upon a voluntary or involuntary dissolution, winding-up or termination of Gastar USA, the aggregate of the liquidation preference and all accrued and unpaid dividends on the Series A Preferred Securities, whether or not declared, without regard to whether Gastar USA has sufficient assets to make full payment as required on liquidation.

The Parent’s obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Parent to the holders or by causing Gastar USA to pay the amounts to the holders.

### Termination

The guarantee agreement will terminate upon the first to occur of (i) Parent ceases to own a majority of the common stock of Gastar USA, (ii) full payment of the redemption price of all Series A Preferred Securities or (iii) full payment of the amounts payable in accordance with the certificate of declaration upon liquidation of Gastar USA. Notwithstanding the foregoing, the guarantee agreement will continue to be effective or will be reinstated, as the case may be, if at any time any holder must restore payment of any sums paid under the Series A Preferred Securities or under the guarantee agreement.

### Ranking

The guarantee will be the subordinated obligation of the Parent and will rank junior to all of its existing and future debt.

### Holder of Series A Preferred Securities are Intended Third Party Beneficiaries

The guarantee agreement inures to the benefit of, and is intended to be for the benefit of the holders of Series A Preferred Securities, who are intended third-party beneficiaries of the guarantee agreement. A holder of Series A Preferred Securities may also directly institute a legal proceeding against Parent to enforce such holder’s right to receive payment under the guarantee agreement without first instituting a legal proceeding directly against Gastar USA or any other person or entity.

### Amendments; Assignment

Parent may amend the guarantee agreement at any time for any purpose without the consent of any holder; provided, however, that if such amendment adversely affects the rights of any holder, the prior written consent of each holder affected shall be required.

## **Table of Contents**

Neither the guarantee agreement nor any right, remedy, obligation nor liability arising thereunder or by reason thereof shall be assignable by any party without the prior written consent of the other party, and any attempt to assign any right, remedy, obligation or liability thereunder without such consent shall be void, unless the successor or assignee agrees in writing to perform Parent's obligations thereunder.

The guarantee agreement shall be binding upon and shall inure to the benefit of any successor or permitted assign of Parent as well as any purchaser of Series A Preferred Securities.

### **Governing Law**

The guarantee agreement for all purposes is governed by and construed in accordance with the laws of the State of Texas.

## MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes the material U.S. federal income tax consequences that may be applicable to “U.S. holders” and “non-U.S. holders” (each as defined below) with respect to the purchase, ownership, and disposition of the Series A Preferred Securities offered by this prospectus supplement. This discussion only applies to purchasers who purchase and hold the Series A Preferred Securities as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “Code”) (generally property held for investment). This discussion does not describe all of the tax consequences that may be relevant to each purchaser or holder of Series A Preferred Securities in light of its particular circumstances.

This discussion is based upon provisions of the Code, Treasury regulations, rulings and judicial decisions as of the date hereof. These authorities may change, perhaps retroactively, or may be subject to different interpretations which could result in U.S. federal income tax consequences different from those summarized below. We cannot assure you that the Internal Revenue Service (“IRS”) will not challenge one or more of the tax consequences described in this discussion, and we have not obtained, nor do we intend to obtain, a ruling from the IRS with respect to the U.S. federal tax consequences of acquiring, holding or disposing of the Series A Preferred Securities. This discussion does not address all aspects of U.S. federal income taxes (such as the alternative minimum tax) and does not describe any foreign, state, local or other tax considerations that may be relevant to a purchaser or holder of Series A Preferred Securities in light of their particular circumstances. In addition, this discussion does not describe the U.S. federal income tax consequences applicable to a purchaser or a holder of Series A Preferred Securities who is subject to special treatment under U.S. federal income tax laws (including, a corporation that accumulates earnings to avoid U.S. federal income tax, a pass-through entity or an investor in a pass-through entity, a tax-exempt entity, pension or other employee benefit plans, financial institutions or broker-dealers, persons holding Series A Preferred Securities as part of a hedging or conversion transaction or straddle, a person subject to the alternative minimum tax, an insurance company, former U.S. citizens, or former long-term U.S. residents). We cannot assure you that a change in law will not significantly alter the tax considerations that we describe in this discussion.

If a partnership (or any other entity treated as a partnership for U.S. federal income tax purposes) holds Series A Preferred Securities, the U.S. federal income tax treatment of a partner of that partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner of a partnership holding the Series A Preferred Securities, you should consult your tax advisors as to the particular U.S. federal income tax consequences of holding and disposing of the Series A Preferred Securities.

**THIS DISCUSSION IS PROVIDED FOR GENERAL INFORMATION ONLY AND DOES NOT CONSTITUTE LEGAL ADVICE TO ANY PROSPECTIVE PURCHASER OF OUR SERIES A PREFERRED SECURITIES. ADDITIONALLY, THIS DISCUSSION CANNOT BE USED BY ANY HOLDER FOR THE PURPOSE OF AVOIDING FEDERAL TAX PENALTIES THAT MAY BE IMPOSED ON SUCH HOLDER. IF YOU ARE CONSIDERING THE PURCHASE OF OUR SERIES A PREFERRED SECURITIES, YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF OUR SERIES A PREFERRED SECURITIES IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES AND ANY CONSEQUENCES ARISING UNDER THE LAWS OF APPLICABLE STATE, LOCAL OR FOREIGN TAXING JURISDICTIONS. YOU SHOULD ALSO CONSULT WITH YOUR TAX ADVISORS CONCERNING ANY POSSIBLE ENACTMENT OF LEGISLATION THAT WOULD AFFECT YOUR INVESTMENT IN OUR SERIES A PREFERRED SECURITIES IN YOUR PARTICULAR CIRCUMSTANCES.**

### U.S. holders

Subject to the qualifications set forth above, the following discussion summarizes the material U.S. federal income tax consequences of the purchase, ownership and disposition of the Series A Preferred Securities by

## Table of Contents

“U.S. holders.” You are a “U.S. holder” if you are a beneficial owner of our Series A Preferred Securities and you are for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if it (a) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (b) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

***U.S. holder: Distributions in General.*** In general, if distributions are made with respect to the Series A Preferred Securities, such distributions will be treated as dividends to the extent of our current and accumulated earnings and profits as determined under the Code. Any portion of a distribution that exceeds our current and accumulated earnings and profits will first be applied to reduce a U.S. holder’s tax basis in the Series A Preferred Securities, and the excess will be treated as gain from the disposition of the Series A Preferred Securities, the tax treatment of which is discussed below under “U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions.” As of the date of this prospectus supplement, Gastar USA does not believe it has any accumulated earnings and profits for U.S. Federal income tax purposes. Additionally, we may not have sufficient current earnings and profits during future fiscal years for the distributions on the Series A Preferred Securities to qualify as dividends for U.S. federal income tax purposes.

Distributions treated as dividends that are received by individual holders of Series A Preferred Securities currently will be subject to a reduced maximum tax rate of 15% if such dividends are treated as “qualified dividend income” for U.S. federal income tax purposes (but such rate is scheduled to increase effective January 1, 2012). The rate reduction does not apply to dividends received to the extent that the individual stockholder elects to treat the dividends as “investment income,” which may be offset against investment expenses. Furthermore, the rate reduction does not apply to dividends that are paid to individual stockholders with respect to the Series A Preferred Securities that are held for 60 days or less during the 121-day period beginning on the date which is 60 days before the date on which the Series A Preferred Securities become ex-dividend. In addition, dividends recognized after December 31, 2012 by U.S. holders that are individuals could be subject to the 3.8% “Medicare” tax on net investment income. Individual stockholders should consult their own tax advisors regarding the implications of these rules in light of their particular circumstances.

Distributions treated as dividends that are received by corporations generally will be eligible for the dividends-received deduction. Generally, this deduction is allowed if the underlying stock is held for at least 46 days during the 91 day period beginning on the date 45 days before the ex-dividend date of the stock, and for cumulative preferred securities with an arrearage of dividends, the holding period is at least 91 days during the 181 day period beginning on the date 90 days before the ex-dividend date of the stock. Each domestic corporate holder of Series A Preferred Securities is urged to consult with its tax advisors with respect to the eligibility for and amount of any dividends received deduction.

***U.S. holder: Distributions of Additional Shares of Common Stock or Series A Preferred Securities or Parent Common Stock.*** As discussed under the “*Description of Series A Preferred Securities — Dividends — Failure to Make Dividend Payments,*” the certificate of designation governing the Series A Preferred Securities requires Gastar USA to pay dividends on Series A Preferred Securities “in-kind” in shares of Gastar USA common stock, additional shares of Series A Preferred Securities or Parent Common Stock in certain circumstances. Such dividend distributions of shares of common stock or additional shares of Series A Preferred Securities will be treated as taxable distributions in the same manner as cash distributions. The amount of the

## [Table of Contents](#)

distribution and basis of the shares of common stock or Series A Preferred Securities received will be equal to the fair market value of such shares on the distribution date.

Additionally, if the Series A Preferred Securities are issued at a price less than the redemption price, because Gastar USA may call for the redemption of the Series A Preferred Securities under certain circumstances, the holder of the Series A Preferred Securities may be treated as receiving periodically a constructive distribution of additional stock on the Series A Preferred Securities. Under Treasury regulations, such constructive distribution would be required if, based on all of the facts and circumstances as of the issue date, the redemption pursuant to the Gastar USA's right to redeem the Series A Preferred Securities is more likely than not to occur. The Treasury regulations provide that an issuer's right to redeem will not be treated as more likely than not to occur if: (i) the issuer and holder of the stock are not related within the meaning of Section 267(b) or Section 707(b) of the Code (substituting "20%" for the phrase "50%"); (ii) there are no plans, arrangements, or agreements that effectively require or are intended to compel the issuer to redeem the stock; and (iii) exercise of the right to redeem would not reduce the yield on the stock determined using principles applicable to the determination of original issue discount under Sections 1272 of the Code and the Treasury regulations under Sections 1271 through 1275 of the Code. The fact that a redemption right is not described in the preceding sentence does not mean that an issuer's right to redeem is more likely than not to occur and the issuer's right to redeem must still be tested under all the facts and circumstances to determine if it is more likely than not to occur. Gastar USA believes that its right to call for the redemption of the Series A Preferred Securities should not be treated as more likely than not to occur applying the foregoing test, and as a result, no constructive distribution should be required.

**U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions.** Upon any sale, exchange, redemption (except as discussed below), or other disposition of the Series A Preferred Securities, a U.S. holder generally will recognize capital gain or loss equal to the difference between the amount realized by the U.S. holder on any sale, exchange, redemption (except as discussed below), or other disposition, and the U.S. holder's adjusted tax basis in the Series A Preferred Securities. Such capital gain or loss will be long-term capital gain or loss if the U.S. holder's holding period for the Series A Preferred Securities is longer than one year. A U.S. holder should consult its own tax advisors with respect to applicable tax rates and netting rules for capital gains and losses. Certain limitations exist on the deduction of capital losses by both corporate and non-corporate taxpayers. In addition, gains recognized after December 31, 2012, by U.S. holders that are individuals could be subject to the 3.8% "Medicare" tax on net investment income.

A redemption of shares of the Series A Preferred Securities will generally be a taxable event. If the redemption is treated as a sale or exchange, instead of a dividend, a U.S. holder generally will recognize capital gain or loss (which will be long-term capital gain or loss, if the U.S. holder's holding period for such Series A Preferred Securities exceeds one year at the time of the redemption), equal to the difference between the amount realized by the U.S. holder and the U.S. holder's adjusted tax basis in the Series A Preferred Securities redeemed, except to the extent that any cash received is attributable to any accrued but unpaid dividends on the Series A Preferred Securities, which generally will be subject to the rules discussed above in "U.S. holder: Distributions in General." A payment made in redemption of Series A Preferred Securities may be treated as a dividend, rather than as payment in exchange for the Series A Preferred Securities, unless the redemption:

- is "not essentially equivalent to a dividend" with respect to a U.S. holder under Section 302(b)(1) of the Code;
- is a "substantially disproportionate" redemption with respect to a U.S. holder under Section 302(b)(2) of the Code;
- results in a "complete redemption" of a U.S. holder's stock interest in Gastar USA under Section 302(b)(3) of the Code; or
- is a redemption of stock held by a non-corporate shareholder, where such redemption results in a partial liquidation of Gastar USA under Section 302(b)(4) of the Code.

## Table of Contents

In determining whether any of these tests has been met, a U.S. holder must take into account not only shares of Series A Preferred Securities and our common stock that the U.S. holder actually owns, but also shares that the U.S. holder constructively owns within the meaning of Section 318 of the Code.

A redemption payment will be treated as “not essentially equivalent to a dividend” if it results in a “meaningful reduction” in a U.S. holder’s aggregate stock interest in Gastar USA, which will depend on the U.S. holder’s particular facts and circumstances at such time.

Satisfaction of the “complete redemption” and “substantially disproportionate” exceptions is dependent upon compliance with the objective tests set forth in Section 302(b)(3) and Section 302(b)(2) of the Code. A redemption will result in a “complete redemption” if either all of our stock actually and constructively owned by a U.S. holder is redeemed or all of our stock actually owned by the U.S. holder is redeemed and the U.S. holder is eligible to waive, and the U.S. holder effectively waives, the attribution of our stock constructively owned by the U.S. holder in accordance with the procedures described in Section 302(c)(2) of Code. A redemption does not qualify for the “substantially disproportionate” exception if the stock redeemed is only non-voting stock, and for this purpose, stock which does not have voting rights until the occurrence of an event is not voting stock until the occurrence of the specified event. Accordingly, any redemption of Series A Preferred Securities will likely not qualify for this exception because the voting rights are limited as provided in the “*Description of Series A Preferred Securities — Voting Rights.*”

For purposes of the “redemption from non-corporate shareholders in a partial liquidation” test, a distribution will be treated as in partial liquidation of a corporation if the distribution is not essentially equivalent to a dividend (determined at the corporate level rather than the shareholder level) and the distribution is pursuant to a plan and occurs within the taxable year in which the plan was adopted or within the succeeding taxable year. For these purposes, a distribution is generally not essentially equivalent to a dividend if the distribution results in a corporate contraction. The determination of what constitutes a corporate contraction is generally factual in nature and has been interpreted under case law to include the termination of a business or line of businesses.

If none of the foregoing tests result in sale or exchange treatment upon redemption, and instead a redemption payment is treated as a dividend distribution, the rules discussed above in “*U.S. holder: Distributions in General*” apply.

Because of the factual nature of the foregoing tests, each U.S. holder of Series A Preferred Securities should consult its own tax advisors to determine whether a payment made in redemption of Series A Preferred Securities will be treated as a dividend or as payment in exchange for the Series A Preferred Securities.

***U.S. holder: Information Reporting and Backup Withholding.*** Information reporting and backup withholding may apply with respect to payments of dividends on the Series A Preferred Securities and to certain payments of proceeds on the sale or other disposition of the Series A Preferred Securities. Certain non-corporate U.S. holders may be subject to U.S. backup withholding (currently at a rate of 28%) on payments of dividends on the Series A Preferred Securities and certain payments of proceeds on the sale or other disposition of the Series A Preferred Securities unless the beneficial owner of such Series A Preferred Securities furnishes the payor or its agent with a taxpayer identification number, certified under penalties of perjury, and certain other information, or otherwise establishes, in the manner prescribed by law, an exemption from backup withholding.

U.S. backup withholding tax is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder’s U.S. federal income tax liability, which may entitle the U.S. holder to a refund, provided the U.S. holder timely furnishes the required information to the Internal Revenue Service.

Several of the tax considerations described in this prospectus supplement and the accompanying prospectus are subject to a sunset provision. On December 17, 2010, President Obama signed into law the Tax Relief,

## [Table of Contents](#)

Unemployment Insurance Reauthorization, and Job Creation Act of 2010, extending through December 31, 2012 certain federal income tax rates which had been set to expire (i.e., “sunset”) on December 31, 2010. The amended sunset generally provides that for taxable years beginning after December 31, 2012, certain federal income tax rates will revert back to prior federal income tax rates. The impact of the sunset is not discussed in this prospectus supplement and the accompanying prospectus. Consequently, U.S. holders are urged to consult their own tax advisors regarding the effect of the sunset based on their individual tax situations.

### **Non-U.S. holders**

Subject to the qualifications set forth above under the caption “*Material U.S. Federal Income Tax Consequences*,” the following discussion summarizes the material U.S. federal income tax consequences of the purchase, ownership and disposition of the Series A Preferred Securities by certain “non-U.S. holders” (as defined below). For purposes of this discussion, you are a “non-U.S. holder” if you are a beneficial owner of Series A Preferred Securities and you are an individual, corporation, estate or trust that is not a “U.S. holder.”

***Non-U.S. holder: Distributions on the Series A Preferred Securities.*** In general, if distributions (whether in cash or our common stock, Parent Common Stock or Series A Preferred Securities) are made with respect to the Series A Preferred Securities, such distributions will be treated as dividends to the extent of our current and accumulated earnings and profits as determined under the Code and will be subject to withholding as discussed below. Any portion of a distribution that exceeds our current and accumulated earnings and profits will first be applied to reduce the non-U.S. holder’s basis in the Series A Preferred Securities and, to the extent such portion exceeds the non-U.S. holder’s basis, the excess will be treated as gain from the disposition of the Series A Preferred Securities, the tax treatment of which is discussed below under “*Non-U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions*.” As of the date of this prospectus supplement, Gastar USA does not believe that it has any accumulated earnings and profits for U.S. federal income tax purposes. Additionally, we may not have sufficient current earnings and profits during future fiscal years for the distributions on the Series A Preferred Securities to qualify as dividends for U.S. federal income tax purposes. In addition, if we are a U.S. real property holding corporation, or a “USRPHC,” which we believe that we are, and any distribution exceeds our current and accumulated earnings and profits, we will need to choose to satisfy our withholding requirements either by treating the entire distribution as a dividend, subject to the withholding rules in the following paragraph (and withhold at a minimum rate of 10% or such lower rate as may be specified by an applicable income tax treaty for distributions from a USRPHC), or by treating only the amount of the distribution equal to our reasonable estimate of our current and accumulated earnings and profits as a dividend, subject to the withholding rules in the following paragraph, with the excess portion of the distribution subject to withholding at a rate of 10% or such lower rate as may be specified by an applicable income tax treaty as if such excess were the result of a sale of shares in a USRPHC (discussed below under “*Non-U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions*”), with a credit generally allowed against the non-U.S. holder’s U.S. federal income tax liability in an amount equal to the amount withheld from such excess.

Dividends paid to a non-U.S. holder of the Series A Preferred Securities will generally be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. But, dividends that are effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, where a tax treaty applies, are attributable to a permanent establishment maintained by the non-U.S. holder in the United States) are not subject to the withholding tax, provided certain certification and disclosure requirements are satisfied, including by providing a properly executed IRS Form W-8ECI (or other applicable form). Instead, such dividends will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code, unless an applicable income tax treaty provides otherwise. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A non-U.S. holder of the Series A Preferred Securities who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required to (a) complete

## Table of Contents

Internal Revenue Service Form W-8BEN (or other applicable form) and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits, or (b) if the Series A Preferred Securities are held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable Treasury regulations.

A non-U.S. holder of the Series A Preferred Securities eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the Internal Revenue Service.

***Non-U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions.*** Any gain realized by a non-U.S. holder on the disposition of the Series A Preferred Securities will generally not be subject to U.S. federal income or withholding tax unless:

- the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States);
- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or
- we are or have been a USRPHC for U.S. federal income tax purposes, as such term is defined in Section 897(c) of the Code, and such non-U.S. holder owned directly or pursuant to constructive ownership rules at any time during the five-year period ending on the date of disposition more than 5% of the Series A Preferred Securities. This assumes that the Series A Preferred Securities are regularly traded on an established securities market, within the meaning of Section 897(c)(3) of the Code. We believe we are a USRPHC and that the Series A Preferred Securities will be treated as regularly traded on an established securities market.

A non-U.S. holder described in the first bullet point immediately above will generally be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates in the same manner as if the non-U.S. holder were a United States person as defined under the Code, and if it is a corporation, may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits or at such lower rate as may be specified by an applicable income tax treaty. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax (unless an applicable income tax treaty provides for a lower rate) on the gain derived from the sale, which may be offset by U.S. source capital losses, even though the individual is not considered a resident of the United States. A non-U.S. holder described in the third bullet point above will be subject to U.S. federal income tax under regular graduated U.S. federal income tax rates with respect to the gain recognized in the same manner as if the non-U.S. holder were a United States person as defined under the Code.

If a non-U.S. holder is subject to U.S. federal income tax on any disposition of the Series A Preferred Securities, upon any sale, exchange, redemption (except as discussed below), or other disposition of the Series A Preferred Securities, such a non-U.S. holder will recognize capital gain or loss equal to the difference between the amount realized by the non-U.S. holder on any sale, exchange, redemption (except as discussed below), or other disposition, and the non-U.S. holder's adjusted tax basis in the Series A Preferred Securities. Such capital gain or loss will be long-term capital gain or loss if the non-U.S. holder's holding period for the Series A Preferred Securities is longer than one year. A non-U.S. holder should consult its own tax advisors with respect to applicable tax rates and netting rules for capital gains and losses. Certain limitations exist on the deduction of capital losses by both corporate and non-corporate taxpayers.

If a non-U.S. holder is subject to U.S. federal income tax on any disposition of the Series A Preferred Securities, a redemption of shares of the Series A Preferred Securities will be a taxable event. If the redemption is treated as a sale or exchange, instead of a dividend, a non-U.S. holder generally will recognize capital gain or

## Table of Contents

loss (either short or long term capital gain or loss, as discussed above) equal to the difference between the amount of cash received and fair market value of property received and the non-U.S. holder's adjusted tax basis in the Series A Preferred Securities redeemed, except that to the extent that any cash received is attributable to any accrued but unpaid dividends on the Series A Preferred Securities, which generally will be subject to the rules discussed above in "*Non-U.S. holder: Distributions on the Series A Preferred Securities, Including Redemptions.*" A payment made in redemption of Series A Preferred Securities may be treated as a dividend, rather than as payment in exchange for the Series A Preferred Securities, in the same circumstances discussed above under "*U.S. holder: Disposition of Series A Preferred Securities, Including Redemptions.*" Each non-U.S. holder of Series A Preferred Securities should consult its own tax advisors to determine whether a payment made in redemption of Series A Preferred Securities will be treated as a dividend or as payment in exchange for the Series A Preferred Securities.

***Non-U.S. holder: Information Reporting and Backup Withholding.*** We must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to such non-U.S. holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

A non-U.S. holder will not be subject to backup withholding on dividends paid to such non-U.S. holder as long as such non-U.S. holder certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such non-U.S. holder is a United States person as defined under the Code), or such non-U.S. holder otherwise establishes an exemption.

Depending on the circumstances, information reporting and backup withholding may apply to the proceeds received from a sale or other disposition of the Series A Preferred Securities, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption.

U.S. backup withholding tax is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the Internal Revenue Service.

***Recently Enacted Legislation Relating to Foreign Accounts.*** Beginning with payments made after December 31, 2012, recently enacted legislation will generally impose a 30% withholding tax on dividends on Series A Preferred Securities and the gross proceeds of a disposition of Series A Preferred Securities paid to: (i) a foreign financial institution (as that term is defined in Section 1471(d)(4) of the Code) unless that foreign financial institution enters into an agreement with the U.S. Treasury Department to collect and disclose information regarding U.S. account holders of that foreign financial institution (including certain account holders that are foreign entities that have U.S. owners) and satisfies other requirements; and (ii) specified other foreign entities unless such an entity certifies that it does not have any substantial U.S. owners or provides the name, address and taxpayer identification number of each substantial U.S. owner and such entity satisfies other specified requirements. Non-U.S. holders should consult their own tax advisors regarding the application of this legislation to them.

## DESCRIPTION OF PREFERRED SECURITIES

Subject to the filing of one or more Certificates of Designation in accordance with the Delaware General Corporation Law, or the DGCL, the board of directors of Gastar USA, or the Gastar USA Board, may, without the approval of stockholders, at any time and from time-to-time issue one or more series of preferred stock. Subject to the filings of one or more Certificates of Designation and other limitations prescribed by law, the Gastar USA Board may from time-to-time fix, before issuance, the number of shares of each series and the designation, rights, privileges, restrictions and conditions attaching to each series, including, without limiting the generality of the foregoing, the amount, if any, specified as being payable preferentially to such series on a distribution; the extent, if any, of further participation on a distribution; voting rights, if any; and dividend rights (including whether such dividends be preferential, or cumulative or non-cumulative), if any. The authorization of undesignated preferred stock makes it possible for the Gastar USA Board to issue preferred stock with rights or preferences that could impede the success of any attempt to change control of us. These and other provisions may have the effect of deterring hostile takeovers or delaying changes in control or management of us. If Gastar USA offers preferred stock, a description of the rights, privileges, restrictions and conditions attaching thereto will be filed with the SEC and described in the prospectus supplement, including the following terms:

The prospectus supplement with respect to any issuance of preferred stock will specify:

- the series, the number of shares offered and the liquidation value of the preferred stock;
- the price at which the preferred stock will be issued;
- the annual dividend rate, if any, whether the dividend rate is fixed or variable, the date dividends will accrue, the dividend payment dates, and whether dividends will be cumulative;
- the price and the terms and conditions for redemption, if any, including redemption at Gastar USA's option or at the option of the holders, including the time period for redemption, and any accumulated dividends or premiums;
- the liquidation preference, if any, and any accumulated dividends upon liquidation, dissolution or winding up of Gastar USA's affairs;
- any sinking fund or similar provision, and, if so, the terms and provisions relating to the purpose and operation of the fund;
- the terms and conditions, if any, for conversion or exchange of the shares of preferred stock into or for shares of any other class or classes of Gastar USA's capital stock or any series of any other class or classes, or of any other series of the same class, or any other securities, including debt securities, or assets, including the price or the rate of conversion or exchange and the method, if any, of adjustment;
- if applicable, a discussion of material U.S. federal income tax considerations;
- any voting rights; and
- any or all other preferences and relative, participating, optional or other special rights, privileges or qualifications, limitations or restrictions.

Any shares of preferred stock offered pursuant to this prospectus and the applicable prospectus supplement will, upon issuance, be fully paid and non-assessable.

## DESCRIPTION OF GUARANTEE OF PREFERRED SECURITIES

Set forth below is a summary of information concerning the preferred securities guarantees that the Parent will execute and deliver for the benefit of the holders of any series of preferred stock offered by Gastar USA. The following summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the form of preferred securities guarantee which is filed as an exhibit to the registration statement of which this prospectus forms a part. A prospectus supplement may contain more specific information about the terms of the preferred securities guarantee.

Pursuant to each preferred stock guarantee, the Parent will agree to pay in full, to the holders of the preferred stock issued by Gastar USA, the guarantee payments, except to the extent paid by Gastar USA, as and when due, regardless of any defense, right of set-off or counterclaim which Gastar USA may have or assert. The following payments, without duplication, with respect to preferred stock, to the extent not paid by Gastar USA, will be subject to the preferred stock guarantee:

- any accumulated and unpaid distributions (as described in the applicable Certificate of Designation of the preferred stock) that have been declared by the board of directors of Gastar USA to be paid on the preferred stock out of funds legally available for such dividends;
- any redemption price (as described in the applicable Certificate of Designation of the preferred stock), plus all accrued and unpaid dividends to the date of redemption with respect to any preferred stock called for redemption by Gastar USA or otherwise required to be redeemed by the terms of the applicable Certificate of Designation; and
- upon a voluntary or involuntary dissolution, winding-up or liquidation of Gastar USA, the aggregate stated liquidation preference and all accumulated and unpaid dividends, whether or not declared, without regard to whether Gastar USA has sufficient assets to make full payment as required on liquidation.

The Parent's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Parent to the holders of preferred stock or by causing Gastar USA to pay the amounts to the holders.

The preferred stock guarantees will be governed by, and construed and interpreted in accordance with, the laws of the State of Texas.

We may sell the securities offered through this prospectus in any one or more of the following ways:

- through underwriters or dealers;
- through agents;
- directly to purchasers;
- in “at the market offerings” to or through a market maker or into an existing trading market, or a securities exchange or otherwise;
- transactions not involving market makers or established trading markets, including direct sales or privately negotiated transactions; or
- through a combination of any of these methods of sale.

In addition, we may sell some or all of the securities included in this prospectus through:

- a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers; or
- privately negotiated transactions.

In addition, we may enter into option or other types of transactions that require us or them to deliver preferred stock to a broker-dealer, who will then resell or transfer the securities under this prospectus. We may enter into hedging transactions with respect to our securities. For example, we may:

- enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the preferred stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use shares of preferred stock received from us to close out its short positions;
- sell securities short and redeliver such shares to close out our short positions;

The securities described in this prospectus may be distributed at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, or negotiated prices. Any of the prices may represent a discount from the prevailing market prices.

At the time that any particular offering of securities is made, to the extent required by the Securities Act, a prospectus supplement will be distributed setting forth the terms of the offering, including the aggregate number of securities being offered; the purchase price or initial public offering price of the securities; the names of any underwriters, dealers or agents; the net proceeds to us from the sale of the securities; any delayed delivery

arrangements; any underwriting discounts, commissions and other items constituting compensation from us; any discounts, commissions or concessions allowed or reallocated or paid to dealers, and any commissions paid to agents.

### **Market Making and Stabilization**

There is currently no market for any of the securities included in this prospectus, although we intend to list certain series of Gastar USA's preferred stock on the NYSE Amex. If the securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the securities, such underwriter would not be obligated to do so, and any such market making could be discontinued at any time without notice. Therefore, we cannot assure you as to whether an active trading market will develop for these other securities. We have no current plans for the listing of these other securities on any securities exchange or quoting such securities on the over the counter Bulletin Board or such other quotation system; any such listing with respect to these other securities will be described in the applicable prospectus supplement.

If a prospectus supplement so indicates, underwriters, brokers or dealers, in compliance with applicable law, may engage in transactions that stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market.

### **Underwriters and Agents**

If underwriters are used in the sale, the underwriters will acquire the securities for their own account for resale to the public, either on a firm commitment basis or a best efforts basis. The underwriters may resell the securities from time-to-time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters may change from time-to-time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

We may also sell the securities through agents designated from time-to-time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

### **Dealers**

If dealers are used in the sale of securities, we will sell the securities to them as principals. The dealers may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

### **Direct Sales**

Securities may also be sold directly by us. In this case, no underwriters or agents would be involved.

### **Institutional Purchasers**

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

## [Table of Contents](#)

### **Subscription Offerings**

We may also make direct sales through subscription rights distributed to Gastar USA's existing stockholders on a pro rata basis, which may or may not be transferable. In any distribution of subscription rights to Gastar USA's stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

### **Underwriting Compensation**

We will bear costs relating to all of the securities being registered under this registration statement of which this prospectus forms a part.

Any broker-dealers or other persons acting on our behalf that participate with us in the distribution of the shares may be deemed to be underwriters and any commissions received or profit realized by them on the resale of the shares may be deemed to be underwriting discounts and commissions under the Securities Act. As of the date of this prospectus, we are not a party to any agreement, arrangement or understanding between any broker or dealer and us with respect to the offer or sale of the securities pursuant to this prospectus.

Pursuant to a requirement by the Financial Industry Regulatory Authority, or FINRA, the maximum commission or discount to be received by any FINRA member or independent broker/dealer may not be greater than eight percent (8%) of the gross proceeds received by us for the sale of any securities being registered pursuant to SEC Rule 415 under the Securities Act. If more than 5% of the net proceeds of any offering of securities made under this prospectus will be received by a FINRA member participating in the offering or its affiliates or associated persons of such FINRA member, the offering will be conducted in accordance with FINRA Conduct Rule 5110(h).

### **Indemnification; Other Relationships**

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

## LEGAL MATTERS

Vinson & Elkins L.L.P. will pass upon the validity of the securities offered in this registration statement. If certain legal matters in connection with an offering of the securities made by this prospectus and a related prospectus supplement are passed on by counsel for the underwriters of such offering, that counsel will be named in the applicable prospectus supplement related to that offering.

All bylaw changes approved by the Parent's Board of Directors were approved by the Parent's shareholders at its annual meeting of shareholders held in June 2007.

There is currently no pending material litigation or proceeding involving any of the Parent's directors, officers or employees for which indemnification is sought.

Section 145 of the DGCL provides that a corporation may indemnify any person, including an officer and director, who was or is, or is threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of

such cooperation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of such corporation, and, with respect to any criminal actions and proceedings, had no reasonable cause to believe that his conduct was unlawful. A Delaware corporation may indemnify any person, including an officer or director, who was or is, or is threatened to be made, a party to any threatened, pending or contemplated action or suit by or in the right of such corporation, under the same conditions, except that no indemnification is permitted without judicial approval if such person is adjudged to be liable to such corporation. Where an officer or director of a corporation is successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to above, or any claim, issue or matter herein, the corporation must indemnify such person against the expenses (including attorneys' fees) which such officer or director actually and reasonably incurred in connection therewith.

Section 5.7 of Gastar USA's Amended and Restated Bylaws provides for indemnification to the fullest extent authorized by the DGCL as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits Gastar USA to provide broader indemnification rights that said law permitted Gastar USA to provide prior to such amendment), against all expense, liability and loss reasonably incurred by such person in connection therewith and such indemnification shall continue as to such person's heirs, executors and administrators; provided, however, that except as provided below with respect to proceedings seeking to enforce rights to indemnification, Gastar USA shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such proceeding (or part thereof) was authorized by the Board of Directors of the Gastar USA.

If a claim is not paid in full by Gastar USA within thirty days after a written claim has been received by Gastar USA, the claimant may at any time thereafter bring suit against Gastar USA to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been entered to Gastar USA) that the claimant has not met the standards of conduct which make it permissible under the DGCL for Gastar USA to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on Gastar USA.

### **SEC Position on Indemnification for Securities Act Liabilities**

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that registrant will, unless in the opinion of its counsel the claim has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
